WASHINGTON, DC 20410-3000

OFFICE OF ADMINISTRATION

Mr. Austin Evers American Oversight 1030 15<sup>th</sup> Street, NW B255 Washington, DC 20005 DEC 2 1 2018

RE: Freedom of Information Act Request

FOIA Control No.: 17-FI-HQ-02082 18-LIT-HQ-00005

Civil Action Number: 18-cv-0512

Dear Mr. Evers:

This letter is a third interim response to your Freedom of Information Act (FOIA) request dated and received on September 12, 2017. You asked for copies of the following documents from January 20, 2017, to date the search is conducted:

- 1. All emails sent or received (including carbon copies or blind carbon copies) between any of the individuals listed below and anyone from the Executive Office of the President (including anyone using an eop.gov email address). Emails forwarding otherwise responsive records to or from a personal email account are responsive to this request:
  - a. Beth van Duyne
  - b. John Gibbs
  - c. Christopher Bourne
  - d. Lynne Patton
- 2. All calendar entries for the individuals listed below that also include any individual from the Executive Office of the President (including anyone using an eop.gov email address) as an invitee or participant. For calendar entries created in Outlook or similar programs, the documents should be produced in "memo" form to include all invitees, any notes, and all attachments. Do not limit your search to Outlook calendars— requesting the production of any calendar—paper or electronic, whether on government-issued or personal devices—used to track or coordinate how these individuals allocate their time on agency business:
  - a. Beth van Duyne
  - b. John Gibbs
  - c. Christopher Bourne
  - d. Lynne Patton

Your request is granted in part. Enclosed are 502 pages of Lynne Patton's emails. Christopher Bourne's calendars, John Gibbs' emails and calendars, and Beth Van Duyne's emails and calendars were provided in an interim release dated October 31, 2018. Copies of Christopher Bourne's emails were provided in an interim release dated June 29, 2018. Pursuant to the deliberative process privilege of FOIA Exemption 5, I am withholding deliberations regarding a press release to announce Lynn Patton as Regional Administrator for Region II. Exemption 5 protects inter- or intra-agency communications which would not be available by law to a party other than an agency in litigation with the Department. The release of this information would reflect HUD's predecisional, deliberative process, and would discourage open and candid advice, recommendations, and exchanges of views within the Department, which could bring about public scrutiny of the individuals and the need to justify in public their tentative opinions. I am also withholding cell phone numbers, personal email, personal addresses, and references to personal circumstances under Exemption 6 of the FOIA, because release of such information would constitute an unwarranted invasion of personal privacy. The interest of the general public in reviewing these portions of government documents does not outweigh the individuals' right to privacy.

The Department is still processing records that are responsive to your request. Appeal rights will be provided to you in the Department's final response letter.

For your information, your FOIA request, including your identity and any information made available, is releasable to the public under subsequent FOIA requests. In responding to these requests, the Department does not release personal information, such as home address, telephone number, or Social Security number, all of which are protected from disclosure under FOIA Exemption 6.

If you have any questions regarding your request, you may contact Assistant United States Attorney Daniel Schaefer at (202) 252-2531 or Daniel Schaefer ausdoj.gov. Thank you for your interest in the Department's programs and policies.

Sincerely,

DEBORAH

HUD No. 17-003 Charles McNally (212) 542-7647 <u>charles.e.mcnally@hud.gov</u> http://www.hud.gov/newyork/news FOR RELEASE Monday June 26, 2017

## LYNNE PATTON NAMED HUD REGIONAL ADMINISTRATOR FOR REGION II

Will oversee HUD programs in New York and New Jersey

**NEW YORK** – U.S. Department of Housing and Urban Development (HUD) officials today announced the appointment of Lynne Patton of Westchester, New York, to be Regional Administrator for Region II. In this role, Patton will be responsible for the Department's programs and operations in the Region's two states, New York and New Jersey. Patton joins Region II from HUD's Office of the Secretary where she served as Senior Advisor and Director of Public Engagement.

"I have no doubt that Ms. Patton's unique ability to engage and foster viable relationships across bipartisan silos will serve both New York and New Jersey well," said Secretary Carson. "Her energy and enthusiasm for executing HUD's mission will be supported by a tremendous team of housing experts in our Region II office who have served the area for years."

As Senior Advisor, Patton spearheaded Secretary Carson's national listening tour and worked to identify potential reforms to HUD's Section 3 program, which provides a mechanism for low-income families to receive job training and employment with HUD-funded projects. Additionally, she serves on President Donald J. Trump's Commission on Combating Drug Addiction and the Opioid Crisis.

Patton comes to HUD after nearly a decade of experience as a senior executive at a large non-profit in New York City. Additionally, Patton was an American Red Cross Mass Disaster Shelter Supervisor in Louisiana in the immediate aftermath of Hurricane Katrina, identifying permanent and temporary housing for hundreds of displaced families in conjunction with the Federal Emergency Management Agency (FEMA).

"I'm humbled by the tremendous honor to serve as HUD's Regional Administrator for the city and region I call home," said Patton. "I am committed to advancing HUD's mission and look forward to working with local stakeholders, housing authorities, elected officials, faith-based and community leaders to identify effective solutions for challenges currently facing New York and New Jersey."

The Regional Administrator serves as HUD's liaison to mayors, city managers, elected representatives, state and local officials, members of Congress, private and non-profit developers, and customers. They oversee the delivery of

HUD programs and services to communities and evaluate their efficiency and effectiveness. There are 10 regional administrators in the United States.

###

For over 50 years, HUD's mission has been to create strong, sustainable, inclusive communities and quality affordable homes for all Americans. In New York and New Jersey, HUD funding provides rental assistance for over 800,000 households, homeless services for more than 80,000 individuals, single-family mortgage insurance for over 500,000 homeowners, homeownership counseling at more than 200 local community-based organizations, and more than \$11 billion in disaster recovery funding in the wake of Hurricanes Irene and Sandy. HUD also enforces the Fair Housing Act in partnership with 14 state and local agencies across the region.

#### Dear Jared & Kellyanne:

Congratulations again on the formation of the Opioid Commission with Governor Chris Christie. To that end, I simply wanted to take this opportunity to formally reiterate that it would be an honor to be officially involved, going forward – either by serving on the Commission itself or -- due to my position as Director of Public Liaison and Senior Advisor at HUD -- maybe serve in the capacity of a formal HUD liaison inasmuch that addiction is without question a clear & present crisis in public housing/urban/rural communities and Dr. Carson has charged me with spearheading his current national Listening Tour, as well as any/all applicable policies & platforms, going forward.

I'm sure you all agree that I certainly became the unwitting (albeit proud) face of addiction during the campaign due to my viral video and cannot even begin to share how many supporters approached me on the trail & at the RNC to share their stories of addiction, or sadly more often than not, heartbreak. Many of whom also expressed to me their expectation that I play a key role in ensuring that this commission and/or an addiction platform for this Administration came to fruition, in kind.

By putting this critical (and personal) issue at the forefront of the Trump White House, you have made me – and this country – so incredibly proud and I would expect nothing less from your amazing team. It would be an honor to play whatever role you deem fit for me on this journey.

Your consideration is greatly appreciated. Thank you & have a wonderful evening!

Hi Lynne,

The press release that HUD sent out needs to be corrected before it sows further confusion. There are only five Commission members, and even the Cabinet Secretaries are not serving on the Commission, let alone advisers to Cabinet Secretaries. As I stated in my previous email, we have always welcomed input to the Commission from any Cabinet member or their advisers, but stating that you served on the Commission is not accurate. Furthermore, HUD has had no role in advising the Commission thus far. The most that it would be accurate to say that you and the HUD Secretary were invited to provide input into the Commission in the future. Perhaps the correction could reference any other drug work you might have done while at HUD.

Thanks, Michael

Sorry. Hit sent too soon. Can we all get on the same page about this by any chance? Abe & Avi were part of the original conversation. I know only Christie, etc, are considered an official part of the commission, but we were advised that we were a part of the commission long ago. I'm sure you can appreciate that I can't have official push back saying I'm not. Can we correct this?

Thank you, Charlie. I'm already getting bombarded on Twitter with backdoor requests from CBS news (Jackie Alemany), etc.

That said, by copy of this email, I wish to introduce you all to Kelly Love – she oversees HUD comms at the WH and knows a ton of reporters from her time here at Fox News.

Let's keep her looped in and between the 3 of you (Olga included), I defer to whichever ones you deem appropriate!

If it helps, I think it's important to focus on local media more than national at the moment, but again, I defer to you all.

P.S. From a personal perspective, given the fact that I've (b)(6)

<u>U.S. Department of Housing and Urban Development – Ben Carson, Secretary Office of Public Affairs, New York Regional Office, New York, NY 10278</u>

HUD No. 17-003 Charles McNally (212) 542-7647 <u>charles.e.mcnally@hud.gov</u> http://www.hud.gov/newyork/news FOR RELEASE Monday June 26, 2017

## LYNNE PATTON NAMED HUD REGIONAL ADMINISTRATOR FOR REGION II

Will oversee HUD programs in New York and New Jersey

**NEW YORK** – U.S. Department of Housing and Urban Development (HUD) officials today announced the appointment of Lynne Patton of Westchester, New York, to be Regional Administrator for Region II. In this role, Patton will be responsible for the Department's programs and operations in the Region's two states, New York and New Jersey. Patton joins Region II from HUD's Office of the Secretary where she served as Senior Advisor and Director of Public Engagement.

"I have no doubt that Ms. Patton's unique ability to engage and foster viable relationships across bipartisan silos will serve both New York and New Jersey well," said Secretary Carson. "Her energy and enthusiasm for executing HUD's mission will be supported by a tremendous team of housing experts in our Region II office who have served the area for years."

As Senior Advisor, Patton spearheaded Secretary Carson's national listening tour and worked to identify potential reforms to HUD's Section 3 program, which provides a mechanism for low-income families to receive job training and employment with HUD-funded projects. Additionally, she serves on President Donald J. Trump's Commission on Combating Drug Addiction and the Opioid Crisis.

Patton comes to HUD after nearly a decade of experience as a senior executive at a large non-profit in New York City. Additionally, Patton was an American Red Cross Mass Disaster Shelter Supervisor in Louisiana in the immediate aftermath of Hurricane Katrina, identifying permanent and temporary

housing for hundreds of displaced families in conjunction with the Federal Emergency Management Agency (FEMA).

"I'm humbled by the tremendous honor to serve as HUD's Regional Administrator for the city and region I call home," said Patton. "I am committed to advancing HUD's mission and look forward to working with local stakeholders, housing authorities, elected officials, faith-based and community leaders to identify effective solutions for challenges currently facing New York and New Jersey."

The Regional Administrator serves as HUD's liaison to mayors, city managers, elected representatives, state and local officials, members of Congress, private and non-profit developers, and customers. They oversee the delivery of HUD programs and services to communities and evaluate their efficiency and effectiveness. There are 10 regional administrators in the United States.

###

For over 50 years, HUD's mission has been to create strong, sustainable, inclusive communities and quality affordable homes for all Americans. In New York and New Jersey, HUD funding provides rental assistance for over 800,000 households, homeless services for more than 80,000 individuals, single-family mortgage insurance for over 500,000 homeowners, homeownership counseling at more than 200 local community-based organizations, and more than \$11 billion in disaster recovery funding in the wake of Hurricanes Irene and Sandy. HUD also enforces the Fair Housing Act in partnership with 14 state and local agencies across the region.

Commission on Combating Drug Addiction and the Opioid Crisis (Commission)

ONDCP is writing to notify you (per the attached Federal Register notice) that Chairman Christie is rescheduling the second telephonic meeting of The President's Commission on Combating Drug Addiction and the Opioid Crisis to have more time to develop the interim report. It was originally scheduled for this Monday, July 17 at 4 pm, but will now be Monday, July 31 at 4 pm. We expect that most Departments will join the call at the staff level in a listen only mode using the call in number on the attached notice. If Cabinet Secretaries wish to join the call, they can have a speaking role, but would have to use a separate call in number. Please notify ONDCP of whether your Department plans to call in at the staff level. To the extent possible, please try to consolidate lines within your Department by calling from a conference room. The purpose of the meeting is to review and potentially have the five Commission members vote on an interim report. Chairman Christie's office is likely to release the draft interim report shortly before the meeting, and it will be posted on the Commission website here:

#### Dear Jared & Kellyanne:

Congratulations again on the formation of the Opioid Commission with Governor Chris Christie. To that end, I simply wanted to take this opportunity to formally reiterate that it would be an honor to be officially involved, going forward – either by serving on the Commission itself or - due to my position as Director of Public Liaison and Senior Advisor at HUD - maybe serve in the capacity of a formal HUD liaison inasmuch that addiction is without question a clear & present crisis in public housing/urban/rural communities and Dr. Carson has charged me with spearheading his current national Listening Tour, as well as any/all applicable policies & platforms, going forward.

More importantly, I think it goes without saying that I clearly became the unwitting (albeit proud) face of addiction during the campaign due to my viral video and cannot even begin to share how many supporters approached me on the trail & at the RNC to share their stories of addiction, or sadly more often than not, heartbreak. Many of whom also expressed to me their expectation that I play a key role in ensuring that this commission and/or an addiction platform for this Administration came to fruition, in kind.

Therefore, I cannot even begin to tell you all how proud you have all made me - and this country - by putting this critical (and personal) issue at the forefront of the Trump White House and I wouldn't expect anything less from your incredible team. It would be an honor to play whatever role you deem fit for me on this journey.

Your consideration is greatly appreciated. Thank you & have a wonderful evening!

Per the below, please let me know ASAP if this is truly required of me. Again, while I don't mind submitting the same, I remain confused & disheartened by the fact that HUD continues to demand my salary history when you, PPO and POTUS' senior staff have all told me that it's not necessary/required.

I need reassurance from PPO that this changes nothing as it pertains to the attached offer letter before acquiescing to their demand, if at all.

I will await your reply by EOD. Thank you.

Per the attached, Congresswoman Nydia Velazquez is hosting a federal disaster update tonight for her constituents and I'm sure you can appreciate that we're damned if we do & damned if we don't attend.

Can someone please send me the most updated WH talkers for PR & USVI relief efforts specifically before COB?

FYI: You may recall that Nydia Velazquez wrote a letter in response to my appointment demanding it be rescinded.

On a positive note, since my inception, I have been working actively to establish strong relations with her office & her team has expressed to me the Congresswoman's profound appreciation for my willingness to show up, be involved & listen to her constituents on multiple occasions.

She is slowly becoming a Lynne Patton fan....lol.

**Subject:** PR Talkers **Importance:** High

Good morning!

Per the attached, Congresswoman Nydia Velazquez is hosting a federal disaster update tonight for her constituents and I'm sure you can appreciate that we're damned if we do & damned if we don't attend.

Can someone please send me the most updated WH talkers for PR & USVI relief efforts specifically before COB?

HUD HQ and I have decided that my attendance will help advance the message that Maria relief is of paramount priority to both the Secretary & POTUS. FEMA Region II will be attending with me.

FYI: You may recall that Nydia Velazquez wrote a letter in response to my appointment demanding it be rescinded.

On a positive note, since my inception, I have been working actively to establish strong relations with her office & her team has expressed to me the Congresswoman's profound appreciation for my willingness to show up, be involved & listen to her constituents on multiple occasions.

She is slowly becoming a Lynne Patton fan....lol.

Kindly advise how Lorraine Woellert from Politico cited a version of my press release in her hit piece today that was never released to the media? Thank you.

Please see highlighted photo & official release from Region II below.

Her resume was a challenge. Rumors of her appointment caused so much heartburn in New York that it made tabloid headlines. When it came time for a formal announcement, Patton tried to juice her own press release, claiming experience she didn't have, including skill in bipartisan politics. The language was dialed back, according to the people close to Carson.

Carson on Monday released a statement praising
Patton's "energy and enthusiasm" and "strong desire to
engage and foster relationships across bipartisan silos."

Beyond the Trump family, Patton seems to have little job experience. Her LinkedIn page cites Quinnipiac University School of Law, which she attended briefly, and Yale, which she didn't attend at all.

She was a Red Cross supervisor in the aftermath of Hurricane Katrina, identifying housing for "hundreds of displaced families" in conjunction with the Federal Emergency Management Agency, according to the HUD press release.

She also serves on the Trump administration's Commission on Combating Drug Addiction and the Opioid Crisis, according to the release.

## **HUD NEWS**

<u>U.S. Department of Housing and Urban Development – Ben Carson, Secretary Office of Public Affairs, New York Regional Office, New York, NY 10278</u>

HUD No. 17-003 Charles McNally (212) 542-7647 <u>charles.e.mcnally@hud.gov</u> http://www.hud.gov/newyork/news FOR RELEASE Monday June 26, 2017

# LYNNE PATTON NAMED HUD REGIONAL ADMINISTRATOR FOR REGION II

Will oversee HUD programs in New York and New Jersey

**NEW YORK** – U.S. Department of Housing and Urban Development (HUD) officials today announced the appointment of Lynne Patton of Westchester, New York, to be Regional Administrator for Region II. In this role, Patton will be responsible for the Department's programs and operations in the Region's two states, New York and New Jersey. Patton joins Region II from HUD's Office of the Secretary where she served as Senior Advisor and Director of Public Engagement.

"I have no doubt that Ms. Patton's unique ability to engage and foster viable relationships across bipartisan silos will serve both New York and New Jersey well," said Secretary Carson. "Her energy and enthusiasm for executing HUD's mission will be supported by a tremendous team of housing experts in our Region II office who have served the area for years."

As Senior Advisor, Patton spearheaded Secretary Carson's national listening tour and worked to identify potential reforms to HUD's Section 3 program, which provides a mechanism for low-income families to receive job training and employment with HUD-funded projects. Additionally, she serves on President Donald J. Trump's Commission on Combating Drug Addiction and the Opioid Crisis.

Patton comes to HUD after nearly a decade of experience as a senior executive at a large non-profit in New York City. Additionally, Patton was an American Red Cross Mass Disaster Shelter Supervisor in Louisiana in the immediate aftermath of Hurricane Katrina, identifying permanent and temporary housing for hundreds of displaced families in conjunction with the Federal Emergency Management Agency (FEMA).

"I'm humbled by the tremendous honor to serve as HUD's Regional Administrator for the city and region I call home," said Patton. "I am committed to advancing HUD's mission and look forward to working with local stakeholders, housing authorities, elected officials, faith-based and community leaders to identify effective solutions for challenges currently facing New York and New Jersey."

The Regional Administrator serves as HUD's liaison to mayors, city managers, elected representatives, state and local officials, members of Congress, private and non-profit developers, and customers. They oversee the delivery of HUD programs and services to communities and evaluate their efficiency and effectiveness. There are 10 regional administrators in the United States.

###

For over 50 years, HUD's mission has been to create strong, sustainable, inclusive communities and quality affordable homes for all Americans. In New York and New Jersey, HUD funding provides rental assistance for over 800,000 households, homeless services for more than 80,000 individuals, single-family mortgage insurance for over 500,000 homeowners, homeownership counseling at more than 200 local community-based organizations, and more than \$11 billion in disaster recovery funding in the wake of Hurricanes Irene and Sandy. HUD also enforces the Fair Housing Act in partnership with 14 state and local agencies across the region.

Hi Team:

Per our conversation and edits this morning, attached is the PR I've been working on with WH comms.

Amy – if you have a different version, please share and we can craft a final version.

The bottom line is that I don't want anything being released on my behalf without a joint review of the same – even if it's been approved by SOHUD. I have the right to participate and approve it.

Lastly, while I disagree with the mindset that this should be handled like previous RA announcements without a quote from SOHUD (given the fact that I am the only RA he knows, worked directly for & has this level of media attention), I defer to you all.

Ultimately, it's my understanding that it will be distributed by the NYC office when ready on Monday.

Good afternoon, Sean!

Per the below, please let me know ASAP if this is required of me. Again, while I don't mind submitting the same, I remain confused & disheartened by the fact that HUD continues to demand my salary history when you, PPO and POTUS' senior staff have all told me that it's not necessary.

I need reassurance from PPO that this changes nothing as it pertains to the attached offer letter before acquiescing to their demand, if at all.

I will await your reply by EOD. Thank you.

**Subject:** RE: HUD | Secretary's listening tour - Detroit

Team -

Since time is of the essence, I think I have an opportunity that will fulfill this wheelhouse:

Wayne Bradley is the State Director of African-American outreach for the Republican Party. I met with him the last time I was in Detroit with Don Jr & Ronna Romney McDaniel in August.

SOHUD met with Jimmy Kemp the other day and Kemp also recommended we meet with Bradley too.

Bradley is willing to organize a small "listening session" of key voices & leaders within the community to share their thoughts/recommendations/concerns during this timeslot for 30-40 min.

SOHUD is receptive to the same.

Bradley is sending me a list of names to be vetted before EOD & will forward to you for the same. Thoughts?

Lynne, great to hear from you as always. We definitely want to roll the Secretary into all the things we are doing at the WH as they apply to HUD and advancing the President's agenda. The Cabinet Secretary, Bill McGinley, updates the Secretary's chief of staff every week about the schedule and agenda. We ask input from all chiefs with regard to their departments and we of course welcome his participation at the WH and on travel. Deana can of course talk to your chief over there, likely the best way to get things going.

Congrats on Region II. Am certain you're looking forward to getting back home.

Best,

Importance: High

Hi Rick!

Hope all is well. Long time, no talk!

Just wanted to touch base with you quickly to let you know that I spoke to the Secretary and we both agree that he would like to raise his visibility with respect to WH events, particularly as they pertain to both the Infrastructure & Workforce initiatives (as well as "Build American, Buy American," etc).

I'm sure we both agree that there are tons of mutually beneficial reasons why Carson's participation can better advance these roll-outs. Particularly, since POTUS expressly told the Secretary that he considers housing to be a part of this country's infrastructure.

Can you help us ensure his participation, going forward? I ran into George at the hotel and discussed the Secretary potentially joining POTUS on any/all applicable trips and he concurred that would be great idea.

That said, I also arranged a lunch later this month between the Secretary & Ivanka to identify ways that HUD can specifically assist her workforce & economic empowerment ideas (as we have many) and she told me this past weekend that she's very much looking forward to it.

By copy of this email, I am looping in his Deputy Chief of Staff, Deana Bass, who has been working with Ja'Ron on several policy issues and would be the point person, going forward, with respect to coordinating Carson's participation in the above delineated areas, as well as Raffi Williams (Press Secretary).

Looping in Andrew Hughes, WH Liaison too, so that we're all on the same page. Win win.

Lastly, not sure if you are aware, but I have recently been appointed by Secretary Carson (with POTUS/PPO approval) to be Regional Administrator, Region II (New York & New Jersey) and will be relocating back at the end of the month. Beyond honored.

Would love to arrange a meeting with someone in your department to specifically discuss this Administration's priorities for that region, in kind, and plan to work closely with Matthew Hunter here at HUD, as well. Ja'Ron – let's brainstorm on that region too. Kindly advise!

Good morning, Stephanie!

Hope all is well. I just realized that when I introduced you to the parents of Conrad Roy III, the young man whose story truly devastated a nation, I erroneously copied the email for Lynne Renee Roy. Please find the correct one copied.

As stated, I recently made both Conrad Jr and Lynn Roy aware that the First Lady was extremely moved by Conrad's tragic circumstance and plans to form a panel/commission to address social media & text messaging bullying in the hope to create legislation to end this predatory behavior permanently.

Per our conversation, you concurred that it would be our honor to have the Roys serve & participate in the same. Kindly advise as to the status of the commission and how the Roys can best contribute in memory of their son.

Looping in Kelly Love who also recently expressed her willingness to assist your office and the First Lady with this important cause, if necessary. Thank you!

Dear Stephanie:

By copy of this email and per our conversation last week, it's my honor to introduce you to the parents of Conrad Roy III, Lynn Rene Roy & my former classmate, Conrad Roy Jr.

I advised them both that the First Lady was extremely moved by their tragedy and closely followed the trial that recently ended in conviction. However, we all agree that the story shouldn't end there. Their son's purpose continues & now has the potential to save countless lives.

To that end, I shared with them the fact that the First Lady plans to form a panel/commission to address social media, text messaging & online bullying and would be honored to have them both participate. Naturally, the hope is to one day create legislation that ends this type of behavior permanently.

Again, it's an honor to make this introduction to you both and know that the President & First Lady will fight to ensure that their son did not die in vain.

Please do not hesitate to call on me for anything you may need. I would be personally honored to witness the input from this panel myself & join you all in this tragic new fight.

Hi Lynne!

I tried to reach you by phone.

I apologize if there was any miscommunication. We request salary documentation for all SES employees, and others who we wish to appoint above the step 1 on the salary scale. Salary documentation provides documentation to support the increase to your salary.

The position title will be adjusted as we covert employees to permanent positions. We are currently using the title Senior Advisor and Special Assistant to expedite our processing.

We want to get everyone in our pay system quickly and avoid items that would delay our processing. Please provide your salary documentation as soon as possible (Friday) to allow time to make our adjustment.

Please call if you need anything.

However, my starting SES salary, as promised to me by the President-Elect (at the time) and his Chief of Staff team is \$155K.

To that end, I was advised that I do not need to provide verification of my previous annual \$100K+ salary, but am happy to do so.

Regardless, it should have no impact on the same and I look forward to being paid on time at the above-delineated rate in 2 weeks.

I am looping in both Sean Doocey (Presidential Personnel) and Andrew Hughes, who can also verify the same.

"Secretary Carson along with Senior advisor, Lynne Patton, have been invited to participate and advise the commission on HUD's best practices addressing drug addiction as reflected in their drug elimination programs."

The issue is that I'm on it, per Jared, but there are only 3 technically registered people on the commission. They would say the same thing about Kellyanne or anyone else on it.

Thank you, Charlie. I'm already getting bombarded on Twitter with backdoor requests from CBS news (Jackie Alemany), etc.

That said, by copy of this email, I wish to introduce you all to Kelly Love – she oversees HUD comms at the WH and knows a ton of reporters from her time here at Fox News.

Let's keep her looped in and between the 3 of you (Olga included), I defer to whichever ones you deem appropriate!

If it helps, I think it's important to focus on local media more than national at the moment, but again, I defer to you all.

P.S. From a personal perspective, given the fact that I've  $|^{(b)(6)}$  since January, I prefer print! Lol.

HUD No. 17-003 Charles McNally (212) 542-7647 <u>charles.e.mcnally@hud.gov</u> http://www.hud.gov/newyork/news FOR RELEASE Monday June 26, 2017

#### LYNNE PATTON NAMED HUD REGIONAL ADMINISTRATOR FOR REGION II

Will oversee HUD programs in New York and New Jersey

**NEW YORK** – U.S. Department of Housing and Urban Development (HUD) officials today announced the appointment of Lynne Patton of Westchester, New York, to be Regional Administrator for Region II. In this role, Patton will be responsible for the Department's programs and operations in the Region's two states, New York and New Jersey. Patton joins Region II from HUD's Office of the Secretary where she served as Senior Advisor and Director of Public Engagement.

"I have no doubt that Ms. Patton's unique ability to engage and foster viable relationships across bipartisan silos will serve both New York and New Jersey well," said Secretary Carson. "Her energy and enthusiasm for executing HUD's mission will be supported by a tremendous team of housing experts in our Region II office who have served the area for years."

As Senior Advisor, Patton spearheaded Secretary Carson's national listening tour and worked to identify potential reforms to HUD's Section 3 program, which provides a mechanism for low-income families to receive job training and employment with HUD-funded projects. Additionally, she serves on President Donald J. Trump's Commission on Combating Drug Addiction and the Opioid Crisis.

Patton comes to HUD after nearly a decade of experience as a senior executive at a large non-profit in New York City. Additionally, Patton was an American Red Cross Mass Disaster Shelter Supervisor in Louisiana in the immediate aftermath of Hurricane Katrina, identifying permanent and temporary housing for hundreds of displaced families in conjunction with the Federal Emergency Management Agency (FEMA).

"I'm humbled by the tremendous honor to serve as HUD's Regional Administrator for the city and region I call home," said Patton. "I am committed to advancing HUD's mission and look forward to working with local stakeholders, housing authorities, elected officials, faithbased and community leaders to identify effective solutions for challenges currently facing New York and New Jersey."

The Regional Administrator serves as HUD's liaison to mayors, city managers, elected representatives, state and local officials, members of Congress, private and non-profit developers, and customers. They oversee the delivery of HUD programs and services to communities and evaluate their efficiency and effectiveness. There are 10 regional administrators in the United States.

For over 50 years, HUD's mission has been to create strong, sustainable, inclusive communities and quality affordable homes for all Americans. In New York and New Jersey, HUD funding provides rental assistance for over 800,000 households, homeless services for more than 80,000 individuals, single–family mortgage insurance for over 500,000 homeowners, homeownership counseling at more than 200 local community-based organizations, and more than \$11 billion in disaster recovery funding in the wake of Hurricanes Irene and Sandy. HUD also enforces the Fair Housing Act in partnership with 14 state and local agencies across the region.

Agreed. I believe it would generate more unnecessary attention if we omitted the quote. Lynne and Secretary Carson worked very closely on the campaign trail and the past few months so the press would assume he does not fully support the appointment.

Amy – if you have a different version, please share and we can craft a final version.

The bottom line is that I don't want anything being released on my behalf without a joint review of the same – even if it's been approved by SOHUD. I have the right to participate and approve it.

Lastly, while I disagree with the mindset that this should be handled like previous RA announcements without a quote from SOHUD (given the fact that I am the only RA he knows, worked directly for & has this level of media attention), I defer to you all.

Ultimately, it's my understanding that it will be distributed by the NYC office when ready on Monday.

Kindly advise how Lorraine Woellert from Politico cited a version of my press release in her hit piece today that was never released to the media? Thank you.

Please see highlighted photo & official release from Region II below.

Her resume was a challenge. Rumors of her appointment caused so much heartburn in New York that it made tabloid headlines. When it came time for a formal announcement, Patton tried to juice her own press release, claiming experience she didn't have, including skill in bipartisan politics. The language was dialed back, according to the people close to Carson.

Carson on Monday released a statement praising Patton's "energy and enthusiasm" and "strong desire to engage and foster relationships across bipartisan silos."

Beyond the Trump family, Patton seems to have little job experience. Her LinkedIn page cites Quinnipiac University School of Law, which she attended briefly, and Yale, which she didn't attend at all.

She was a Red Cross supervisor in the aftermath of Hurricane Katrina, identifying housing for "hundreds of displaced families" in conjunction with the Federal Emergency Management Agency, according to the HUD press release.

She also serves on the Trump administration's Commission on Combating Drug Addiction and the Opioid Crisis, according to the release.

Kindly advise how Lorraine Woellert from Politico cited a version of my press release in her hit piece today that was never released to the media? Thank you.

Please see highlighted photo & official release from Region II below.

Her resume was a challenge. Rumors of her appointment caused so much heartburn in New York that it made tabloid headlines. When it came time for a formal announcement, Patton tried to juice her own press release, claiming experience she didn't have, including skill in bipartisan politics. The language was dialed back, according to the people close to Carson.

Carson on Monday released a statement praising Patton's "energy and enthusiasm" and "strong desire to engage and foster relationships across bipartisan silos."

Beyond the Trump family, Patton seems to have little job experience. Her LinkedIn page cites Quinnipiac University School of Law, which she attended briefly, and Yale, which she didn't attend at all.

She was a Red Cross supervisor in the aftermath of Hurricane Katrina, identifying housing for "hundreds of displaced families" in conjunction with the Federal Emergency Management Agency, according to the HUD press release.

She also serves on the Trump administration's Commission on Combating Drug Addiction and the Opioid Crisis, according to the release.

<u>U.S. Department of Housing and Urban Development – Ben Carson, Secretary Office of Public Affairs, New York Regional Office, New York, NY 10278</u>

HUD No. 17-003 Charles McNally (212) 542-7647 <u>charles.e.mcnally@hud.gov</u> http://www.hud.gov/newyork/news FOR RELEASE Monday June 26, 2017

# LYNNE PATTON NAMED HUD REGIONAL ADMINISTRATOR FOR REGION II

Will oversee HUD programs in New York and New Jersey

**NEW YORK** – U.S. Department of Housing and Urban Development (HUD) officials today announced the appointment of Lynne Patton of Westchester, New York, to be Regional Administrator for Region II. In this role, Patton will be responsible for the Department's programs and operations in the Region's two states, New York and New Jersey. Patton joins Region II from HUD's Office of the Secretary where she served as Senior Advisor and Director of Public Engagement.

"I have no doubt that Ms. Patton's unique ability to engage and foster viable relationships across bipartisan silos will serve both New York and New Jersey well," said Secretary Carson. "Her energy and enthusiasm for executing HUD's mission will be supported by a tremendous team of housing experts in our Region II office who have served the area for years."

As Senior Advisor, Patton spearheaded Secretary Carson's national listening tour and worked to identify potential reforms to HUD's Section 3 program, which provides a mechanism for low-income families to receive job training and employment with HUD-funded projects. Additionally, she serves on President Donald J. Trump's Commission on Combating Drug Addiction and the Opioid Crisis.

Patton comes to HUD after nearly a decade of experience as a senior executive at a large non-profit in New York City. Additionally, Patton was an American Red Cross Mass Disaster Shelter Supervisor in Louisiana in the immediate aftermath of Hurricane Katrina, identifying permanent and temporary housing for hundreds of displaced families in conjunction with the Federal Emergency Management Agency (FEMA).

"I'm humbled by the tremendous honor to serve as HUD's Regional Administrator for the city and region I call home," said Patton. "I am committed to advancing HUD's mission and look forward to working with local stakeholders, housing authorities, elected officials, faith-based and community leaders to identify effective solutions for challenges currently facing New York and New Jersey."

The Regional Administrator serves as HUD's liaison to mayors, city managers, elected representatives, state and local officials, members of Congress, private and non-profit developers, and customers. They oversee the delivery of HUD programs and services to communities and evaluate their efficiency and effectiveness. There are 10 regional administrators in the United States.

###

For over 50 years, HUD's mission has been to create strong, sustainable, inclusive communities and quality affordable homes for all Americans. In New York and New Jersey, HUD funding provides rental assistance for over 800,000 households, homeless services for more than 80,000 individuals, single-family mortgage insurance for over 500,000 homeowners, homeownership counseling at more than 200 local community-based organizations, and more than \$11 billion in disaster recovery funding in the wake of Hurricanes Irene and Sandy. HUD also enforces the Fair Housing Act in partnership with 14 state and local agencies across the region.

More information about HUD and its programs is available at <u>www.hud.gov</u> and <u>www.espanol.hud.gov</u>. Connect with HUD on <u>social media</u> and follow Secretary Carson on <u>Twitter</u> and <u>Facebook</u> or sign up for news alerts via <u>HUD's email list</u>.

Hi Lynne - Congratulations on your new position!

Hi Kelly - I'm concerned that referencing the President's Commission in a press release would not be appropriate, so would appreciate your running any release related to the Commission by me and Alex (from our press office who is copied here). The Cabinet Secretaries (including the HUD Secretary) are not members of the Commission. Any Cabinet member is of course welcome to provide input to the Commission, but HUD has had no role in Commission business thus far. If Lynne did work on drug programs at HUD, then you could consider referencing that rather than the Commission.

Thanks, Michael

To that end, heads up that there is a press release announcing my new position at the HUD office in NYC tomorrow which briefly references our involvement with the same. Please change his quote to and combo of both of ours....

1) "Ms. Patton's unique ability to engage & foster viable relationships across bipartisan silos will significantly facilitate the delivery of HUD's programs to better assist families in the greater NY region. Her energy & enthusiasm....etc etc"

In the 5th paragraph, please remove "across the region" as you say region twice.

And please put back in the final paragraph, "As someone with both the trust and respect of the HUD Secretary and the President of the United States, I look forward to advocating before them on behalf of the city & region I love."

Once done, kindly resend to all of us and Region II & we're good to go!!

Hi Team:

Per our conversation and edits this morning, attached is the PR I've been working on with WH comms.

Amy – if you have a different version, please share and we can craft a final version.

The bottom line is that I don't want anything being released on my behalf without a joint review of the same – even if it's been approved by SOHUD. I have the right to participate and approve it.

Lastly, while I disagree with the mindset that this should be handled like previous RA announcements without a quote from SOHUD (given the fact that I am the only RA he knows, worked directly for & has this level of media attention), I defer to you all.

Ultimately, it's my understanding that it will be distributed by the NYC office when ready on Monday.

Thank you, Hannah & pleasure to meet you, Bill.

I am happy to rearrange my calendar to meet with you at 10:30AM on Thursday and look forward to picking your brain with respect to how best to advance this Administration's & Secretary Carson's progressive HUD agenda.

To that end, by copy of this email, I also wish to invite Nelson Bregon, Assistant Deputy Secretary of Field Policy & Management, and Deana Bass, Secretary Carson's Deputy Chief of Staff, to join us.

Would this meeting take place at the HUD headquarters or EEOB? We're also happy to meet at a coffee shop or the like, in kind.

Whatever is most convenient for you is fine with us. Thank you!

Good afternoon, Sean!

Per the below, please let me know ASAP if this is truly required of me. Again, while I don't mind submitting the same, I remain confused & disheartened by the fact that HUD continues to demand my salary history when you, PPO and POTUS' senior staff have all told me that it's not necessary/required.

I need reassurance from PPO that this changes nothing as it pertains to the attached offer letter before acquiescing to their demand, if at all.

I will await your reply by EOD. Thank you.

Kindly advise how Lorraine Woellert from Politico cited a version of my press release in her hit piece today that was never released to the media? Thank you.

Please see highlighted photo & official release from Region II below.

Her resume was a challenge. Rumors of her appointment caused so much heartburn in New York that it made tabloid headlines. When it came time for a formal announcement, Patton tried to juice her own press release, claiming experience she didn't have, including skill in bipartisan politics. The language was dialed back, according to the people close to Carson.

Carson on Monday released a statement praising Patton's "energy and enthusiasm" and "strong desire to engage and foster relationships across bipartisan silos."

Beyond the Trump family, Patton seems to have little job experience. Her LinkedIn page cites Quinnipiac University School of Law, which she attended briefly, and Yale, which she didn't attend at all.

She was a Red Cross supervisor in the aftermath of Hurricane Katrina, identifying housing for "hundreds of displaced families" in conjunction with the Federal Emergency Management Agency, according to the HUD press release.

She also serves on the Trump administration's Commission on Combating Drug Addiction and the Opioid Crisis, according to the release.

<u>U.S. Department of Housing and Urban Development – Ben Carson, Secretary Office of Public Affairs, New York Regional Office, New York, NY 10278</u>

HUD No. 17-003 Charles McNally (212) 542-7647 <u>charles.e.mcnally@hud.gov</u> http://www.hud.gov/newyork/news FOR RELEASE Monday June 26, 2017

# LYNNE PATTON NAMED HUD REGIONAL ADMINISTRATOR FOR REGION II

Will oversee HUD programs in New York and New Jersey

**NEW YORK** – U.S. Department of Housing and Urban Development (HUD) officials today announced the appointment of Lynne Patton of Westchester, New York, to be Regional Administrator for Region II. In this role, Patton will be responsible for the Department's programs and operations in the Region's two states, New York and New Jersey. Patton joins Region II from HUD's Office of the Secretary where she served as Senior Advisor and Director of Public Engagement.

"I have no doubt that Ms. Patton's unique ability to engage and foster viable relationships across bipartisan silos will serve both New York and New Jersey well," said Secretary Carson. "Her energy and enthusiasm for executing HUD's mission will be supported by a tremendous team of housing experts in our Region II office who have served the area for years."

As Senior Advisor, Patton spearheaded Secretary Carson's national listening tour and worked to identify potential reforms to HUD's Section 3 program, which provides a mechanism for low-income families to receive job training and employment with HUD-funded projects. Additionally, she serves on President

Donald J. Trump's Commission on Combating Drug Addiction and the Opioid Crisis.

Patton comes to HUD after nearly a decade of experience as a senior executive at a large non-profit in New York City. Additionally, Patton was an American Red Cross Mass Disaster Shelter Supervisor in Louisiana in the immediate aftermath of Hurricane Katrina, identifying permanent and temporary housing for hundreds of displaced families in conjunction with the Federal Emergency Management Agency (FEMA).

"I'm humbled by the tremendous honor to serve as HUD's Regional Administrator for the city and region I call home," said Patton. "I am committed to advancing HUD's mission and look forward to working with local stakeholders, housing authorities, elected officials, faith-based and community leaders to identify effective solutions for challenges currently facing New York and New Jersey."

The Regional Administrator serves as HUD's liaison to mayors, city managers, elected representatives, state and local officials, members of Congress, private and non-profit developers, and customers. They oversee the delivery of HUD programs and services to communities and evaluate their efficiency and effectiveness. There are 10 regional administrators in the United States.

###

For over 50 years, HUD's mission has been to create strong, sustainable, inclusive communities and quality affordable homes for all Americans. In New York and New Jersey, HUD funding provides rental assistance for over 800,000 households, homeless services for more than 80,000 individuals, single-family mortgage insurance for over 500,000 homeowners, homeownership counseling at more than 200 local community-based organizations, and more than \$11 billion in disaster recovery funding in the wake of Hurricanes Irene and Sandy. HUD also enforces the Fair Housing Act in partnership with 14 state and local agencies across the region.

More information about HUD and its programs is available at <a href="www.hud.gov">www.espanol.hud.gov</a>. Connect with HUD on <a href="social media">social media</a> and follow Secretary Carson on Twitter and Facebook or sign up for news alerts via HUD's email list.

Don't kill the messenger, but Carson's longtime deputy COS, Shermichael, is threatening to leave if she isn't transferred by EOD or latest tomorrow AM.

So this is effectively Code Red status now. More people are in the loop here now and all agree that she needs to go ASAP.

He said to please worry about her replacement later, if even necessary. He said Andrew Hughes is amazing & can likely do both jobs.

Thx Sean. I'm happy to bring you up to speed, but it's likely best to simply speak directly to Shermichael.

Dr. Carson & his team deem her divisive and disruptive, as do I.

If it helps, Eric Trump agrees that it's best to nip this potential problem in the bud & told me to call Jared, if necessary, but I prefer to go through you all first.

To date, this has been kept very close to the vest. Only 4 people are aware of this effort – me, Dr. Carson, Shermichael and Armstrong Williams (Carson's confidente).

We'd like to keep it that way, but defer to you on how best to proceed ASAP.

Now Carson, himself, evidently wants her gone regardless of who she may/may not be connected to -- and said he will do it himself if he has to -- but I'm sure you agree that would not be ideal.

That said, Carson's team suggests that PPO/Cornish/Jared/WH simply advise her that "...she's done such a great job laying the ground work at HUD that Labor (or wherever) permanently needs her talents there now..." Thoughts?

The less drama, the better. Therefore, I choose not to be involved anymore & defer to you.

Hi Lynne! Thank you for representing the team on this one! Attached and below are some key points.

It is important to remind people that this was an unprecedented event – two massive hurricanes back to back – met by an unprecedented federal response. The whole of government has gone above and beyond to save lives and help the millions of Americans affected. President Clinton's former FEMA Director James Lee Witt gives the Administration an A+ for the response. POTUS requested Congress for \$34B in disaster relief funding that passed the House last week to continue to provide the relief that millions of Americans affected by the recent natural disasters will need.

I'll give you a call on some other potential questions you'll receive.

Thank you! Jessica 202-881-5600

# FEMA BRIEFING POINTS: HURRICANE MARIA

October 17, 2017 as of 9:30 a.m. Eastern

# Key Messages

- The full force of the federal government continues to make progress toward recovery, working hand-in-hand with U.S. Virgin Islands and Puerto Rico officials, municipalities, businesses and voluntary agencies on the islands.
- We are pushing every day to restore essential services, and doing everything we can.
   Our goal is to help Puerto Rico and the U.S. Virgin Islands restore water, electricity, and communications, which will enable citizens to begin to return to their routines.
- The recovery efforts in Puerto Rico and the USVI will last for months, if not years. With such severe damage to critical infrastructure, rebuilding will take time, even with the level of personnel and materials that are surging onto the islands. This Administration, and the more than 20,000 Federal personnel deployed to the impacted area, will not be satisfied until every resident on Puerto Rico and the U.S. Virgin Islands is able to return home and continue life as normal.

\*\*\*\*\*

## Power & Generators

- U.S. Army Corps of Engineers (USACE) temporary power response teams have been on the ground since before the storm and continue to assess power needs and install generators at critical facilities. As of Oct. 16, USACE installed 113 generators at critical facilities in Puerto Rico, powering critical infrastructure including hospitals and shelters, and completed 359 generator assessments. As of Oct. 16, USACE installed 74 generators in U.S. Virgin Islands, and completed 210 generator assessments.
- With the unified efforts from the Department of Energy, the USACE, Puerto Rico Electric Power Authority, and the private sector, an estimated 14 percent of customers have had power restored in Puerto Rico. These teams with other federal partners continue operations to restore the power grid. For the U.S. Virgin Islands, power has been restored to 23 percent of customers in St. Thomas and 17 percent of customers in St. Croix.

# **Puerto Rico Power Grid Repair**

- The Governor of Puerto Rico set an aggressive goal for power restoration. It is important
  to remember that emergency power generation, transmission and distribution is an interrelated process and any delays in one area will ultimately affect timelines to achieve the
  Governor's goal. Factors including supply, ability to transport by air or sea, and weather
  can all cause significant delays.
- The system remains fragile. We will continue to see progress, even as setbacks are
  experienced. Even last week we saw the impacts weather can have on lines and poles that
  were just repaired.
- Puerto Rico has 2,400 miles of transmission lines across the island, and 30,000 miles of distribution lines with 300 sub-stations, it is estimated that 80 percent of the grid have been affected. Already in Puerto Rico, more generators have been installed than in Texas (Harvey) and Florida (Irma) combined.

## Hospitals and Medical

- The U.S. Department of Health and Human Services is supporting medical needs in Puerto Rico by assisting Centro Medico emergency and trauma center; augmenting hospitals in key locations; and maintaining contact with remaining all island hospitals to address supply and fuel needs.
- Twenty-three HHS medical teams are stationed across Puerto Rico to support local medical facilities, medical shelters, and field medical stations. Puerto Rico Department of Health, supported by HSS, identified a strategy for hospital patients in case a hospital loses power.
- The USNS Comfort is providing support to medical services and patients throughout Puerto Rico.

#### **Communications**

- In the U.S. Virgin Islands, an estimated 44 percent of cell service has been restored; and in Puerto Rico, more than 25 percent\* of island cell service has been restored, covering 74 percent of the population. Due to additional equipment and "roaming agreements," 59 percent of population has access to telecommunication services (wired or wireless).
- Mayors of all 78 municipalities have satellite phones to facilitate communication with Puerto Rico Emergency Management Agency and the federal government.

#### Outreach to Communities DSAT and Facebook

- Disaster Survivor Assistance Teams are on the ground in the U.S. Virgin Islands and Puerto Rico focused on key priorities of needs assessments for vulnerable populations; requests for disability related accommodations; and referrals to partners offering additional survivor services. In Puerto Rico and USVI teams are accepting on-site registrations, in some locations.
- Virgin Islanders can visit <a href="www.facebook.com/FEMAUSVirginIslands">www.facebook.com/FEMAPuertoRico</a> to find information on federal response and recovery activities, location-specific updates, helpful links, and photographs and videos of the united effort to help the islands recover from hurricanes Irma and Maria.

## **Outreach to Puerto Rican Mayors**

 93 staff from the federal family are assisting in Puerto Rico with the largest ever intergovernmental affairs mission in a disaster, and are assisting operations by informing the 78 mayors about federal disaster resources and identifying resource needs for action.

## Schools

- Although it will be some time before communities truly recover, schools are opening and serving as feeding sites for their communities. The Puerto Rico Department of Education (PRDE) is managing fixed feeding sites at school locations, which provide breakfast and lunch for students and survivors seven days a week until further notice at select schools.
- An important milestone has been achieved in the recovery effort, the U.S. Virgin Islands, has reopened seven schools in St. Thomas. Ten more schools are working to reopen in St. Thomas, St. John and St. Croix soon.

## Commodity Distribution

- FEMA and federal partners, provided millions of meals and millions of liters of water to Puerto Rico and U.S. Virgin Islands. Additional meals and water continue to arrive to the islands regularly via air and sea.
- Puerto Rico established 10 regional staging areas serving all 78 Municipalities; the National Guard and federal partners are supporting delivery of supplies to these locations and to points of distribution. In some cases, FEMA delivers commodities directly to 34 Municipalities through air drops.

Salvation Army, Feeding America, the American Red Cross, and other voluntary agencies
continue to deliver food and water, and distribute meals across the island through shelters
and senior centers.

#### Disaster Fraud

- Unfortunately, Disaster responses often attract scam artists, identity thieves and other criminals. As we have done in Hurricanes Harvey, Irma and Maria, in every disaster, FEMA proactively shares information with the public on how to guard against fraud and report suspicious activity.
- If a disaster survivor suspects suspicious activity or fraud, he/she should immediately contact the Disaster Fraud Hotline at 866-720-5721

#### **Donations**

- FEMA **does not transport** donations collected by local, tribal, territorial, or state government or collected by private sector, non-governmental organizations, or NVOAD from point of collection to impacted areas.
- Those who want to help should visit <u>>www.nvoad.org<</u>. National Voluntary Organizations Active in Disaster (NVOAD) coordinates closely with governors' offices on offers of assistance. To make a cash donation directly to the Commonwealth of Puerto Rico, visit <u>>http://prfaa.pr.gov/unitedforpuertorico/<</u>. To make a donation to the U.S. Virgin Islands, visit <u>>https://www.usvirecovery.org<</u>.

Good morning!

Per the attached, Congresswoman Nydia Velazquez is hosting a federal disaster update tonight for her constituents and I'm sure you can appreciate that we're damned if we do & damned if we don't attend.

Can someone please send me the most updated WH talkers for PR & USVI relief efforts specifically before COB?

HUD HQ and I have decided that my attendance will help advance the message that Maria relief is of paramount priority to both the Secretary & POTUS. FEMA Region II will be attending with me.

FYI: You may recall that Nydia Velazquez wrote a letter in response to my appointment demanding it be rescinded.

On a positive note, since my inception, I have been working actively to establish strong relations with her office & her team has expressed to me the Congresswoman's profound appreciation for my willingness to show up, be involved & listen to her constituents on multiple occasions.

She is slowly becoming a Lynne Patton fan....lol.

**Subject:** SOHUD & WH Initiatives

Hi Rick!

Hope all is well. Long time, no talk!

Just wanted to touch base with you quickly to let you know that I spoke to the Secretary and we both agree that he would like to raise his visibility with respect to WH events, particularly as they pertain to both the Infrastructure & Workforce initiatives (as well as "Build American, Buy American," etc).

I'm sure we both agree that there are tons of mutually beneficial reasons why Carson's participation can better advance these roll-outs. Particularly, since POTUS expressly told the Secretary that he considers housing to be a part of this country's infrastructure.

Can you help us ensure his participation, going forward? I ran into George at the hotel and discussed the Secretary potentially joining POTUS on any/all applicable trips and he concurred that would be great idea.

That said, I also arranged a lunch later this month between the Secretary & Ivanka to identify ways that HUD can specifically assist her workforce & economic empowerment ideas (as we have many) and she told me this past weekend that she's very much looking forward to it.

By copy of this email, I am looping in his Deputy Chief of Staff, Deana Bass, who has been working with Ja'Ron on several policy issues and would be the point person, going forward, with respect to coordinating Carson's participation in the above delineated areas, as well as Raffi Williams (Press Secretary).

Looping in Andrew Hughes, WH Liaison too, so that we're all on the same page. Win win.

Lastly, not sure if you are aware, but I have recently been appointed by Secretary Carson (with POTUS/PPO approval) to be Regional Administrator, Region II (New York & New Jersey) and will be relocating back at the end of the month. Beyond honored.

Would love to arrange a meeting with someone in your department to specifically discuss this Administration's priorities for that region, in kind, and plan to work closely with Matthew Hunter here at HUD, as well. Ja'Ron – let's brainstorm on that region too. Kindly advise!

Good morning, Justin!

Hope all is well! Long time, no talk! Congratulations again on your IGA appointment and I am confident that I speak on behalf of Dr. Carson's entire team when I say that we look forward to working together to ensure the success of his Listening Tour.

Shermichael briefed me on the call you had yesterday with respect to the same. Going forward, please know that I will be the lead planner for the Tour, along with Carson's other deputy, Deana Bass, as well as his Director of Advance, Michael Nason & Mason Alexander and Stanley Hardy, IGA.

At your convenience, I propose that we all jump on a quick conference call this afternoon or even tomorrow morning to ensure we're all on the same page. Thank you!

Just thought I'd connect all of you via email as well since the tour will likely begin sooner rather than later. Thanks.

Thank you, Tiffany & much appreciated!

However, my starting SES salary, as promised to me by the President-Elect (at the time) and his Chief of Staff team is \$155K.

To that end, I was advised that I do not need to provide verification of my previous annual \$100K+ salary, but am happy to do so.

Regardless, it should have no impact on the same and I look forward to being paid on time at the above-delineated rate in 2 weeks.

I am looping in both Sean Doocey (Presidential Personnel) and Andrew Hughes, who can also verify the same.

Should this conversation need to transcend their collective authority, then I am happy to oblige, but I wish to respect the chain of command.

Lastly, kindly adjust the attached to reflect both the correct salary & my full formal title: Senior Advisor to the Secretary and Director of Public Liaison

HUD No. 17-003 Charles McNally (212) 542-7647 <u>charles.e.mcnally@hud.gov</u> http://www.hud.gov/newyork/news FOR RELEASE Monday June 26, 2017

### LYNNE PATTON NAMED HUD REGIONAL ADMINISTRATOR FOR REGION II

Will oversee HUD programs in New York and New Jersey

**NEW YORK** – U.S. Department of Housing and Urban Development (HUD) officials today announced the appointment of Lynne Patton of Westchester, New York, to be Regional Administrator for Region II. In this role, Patton will be responsible for the Department's programs and operations in the Region's two states, New York and New Jersey. Patton joins Region II from HUD's Office of the Secretary where she served as Senior Advisor and Director of Public Engagement.

"I have no doubt that Ms. Patton's unique ability to engage and foster viable relationships across bipartisan silos will serve both New York and New Jersey well," said Secretary Carson. "Her energy and enthusiasm for executing HUD's mission will be supported by a tremendous team of housing experts in our Region II office who have served the area for years."

As Senior Advisor, Patton spearheaded Secretary Carson's national listening tour and worked to identify potential reforms to HUD's Section 3 program, which provides a mechanism for low-income families to receive job training and employment with HUD-funded projects. Additionally, she serves on President Donald J. Trump's Commission on Combating Drug Addiction and the Opioid Crisis.

Patton comes to HUD after nearly a decade of experience as a senior executive at a large non-profit in New York City. Additionally,

Patton was an American Red Cross Mass Disaster Shelter Supervisor in Louisiana in the immediate aftermath of Hurricane Katrina, identifying permanent and temporary housing for hundreds of displaced families in conjunction with the Federal Emergency Management Agency (FEMA).

"I'm humbled by the tremendous honor to serve as HUD's Regional Administrator for the city and region I call home," said Patton. "I am committed to advancing HUD's mission and look forward to working with local stakeholders, housing authorities, elected officials, faith-based and community leaders to identify effective solutions for challenges currently facing New York and New Jersey."

The Regional Administrator serves as HUD's liaison to mayors, city managers, elected representatives, state and local officials, members of Congress, private and non-profit developers, and customers. They oversee the delivery of HUD programs and services to communities and evaluate their efficiency and effectiveness. There are 10 regional administrators in the United States.

###

For over 50 years, HUD's mission has been to create strong, sustainable, inclusive communities and quality affordable homes for all Americans. In New York and New Jersey, HUD funding provides rental assistance for over 800,000 households, homeless services for more than 80,000 individuals, single-family mortgage insurance for over 500,000 homeowners, homeownership counseling at more than 200 local community-based organizations, and more than \$11 billion in disaster recovery funding in the wake of Hurricanes Irene and Sandy. HUD also enforces the Fair Housing Act in partnership with 14 state and local agencies across the region.

More information about HUD and its programs is available at <u>www.hud.gov</u> and <u>www.espanol.hud.gov</u>. Connect with HUD on <u>social</u> <u>media</u> and follow Secretary Carson on <u>Twitter</u> and <u>Facebook</u> or sign up for news alerts via <u>HUD's email list</u>.

# Good morning, Stephanie!

Hope all is well. I just realized that when I introduced you to the parents of Conrad Roy III, the young man whose story truly devastated a nation, I erroneously copied the email for Lynne Renee Roy. Please find the correct one copied.

As stated, I recently made both Conrad Jr and Lynn Roy aware that the First Lady was extremely moved by Conrad's tragic circumstance and plans to form a panel/commission to address social media & text messaging bullying in the hope to create legislation to end this predatory behavior permanently.

Per our conversation, you concurred that it would be our honor to have the Roys serve & participate in the same. Kindly advise as to the status of the commission and how the Roys can best contribute in memory of their son.

Looping in Kelly Love who also recently expressed her willingness to assist your office and the First Lady with this important cause, if necessary. Thank you!

Subject: Introduction

Dear Stephanie:

By copy of this email and per our conversation last week, it's my honor to introduce you to the parents of Conrad Roy III, Lynn Rene Roy & my former classmate, Conrad Roy Jr.

I advised them both that the First Lady was extremely moved by their tragedy and closely followed the trial that recently ended in conviction. However, we all agree that the story shouldn't end there. Their son's purpose continues & now has the potential to save countless lives.

To that end, I shared with them the fact that the First Lady plans to form a panel/commission to address social media, text messaging & online bullying and would be honored to have them both participate. Naturally, the hope is to one day create legislation that ends this type of behavior permanently.

Again, it's an honor to make this introduction to you both and know that the President & First Lady will fight to ensure that their son did not die in vain.

Please do not hesitate to call on me for anything you may need. I would be personally honored to witness the input from this panel myself & join you all in this tragic new fight.

Thank you, Hannah & good morning, Delores!

My apologies for the untimely reply, but the Secretary and I depart for Ohio tomorrow as part of his national listening tour and we were just finalizing various components of the same.

That said, I am also looping in both of our faith-based contacts here at HUD, Paula Lincoln and Richard Youngblood, who recently attended a Chicagoland faith-based community listening session last week.

Without question, your coalition efforts are of great importance to the Secretary, as well as an obvious & longtime priority of POTUS, in kind.

Let's all plan to jump on a conference call sometime next week when I return, should that work with your & pastor Winston's schedules.

Agreed. I believe it would generate more unnecessary attention if we omitted the quote. Lynne and Secretary Carson worked very closely on the campaign trail and the past few months so the press would assume he does not fully support the appointment.

Hi Team:

Per our conversation and edits this morning, attached is the PR I've been working on with WH comms.

Amy – if you have a different version, please share and we can craft a final version.

The bottom line is that I don't want anything being released on my behalf without a joint review of the same – even if it's been approved by SOHUD. I have the right to participate and approve it.

Lastly, while I disagree with the mindset that this should be handled like previous RA announcements without a quote from SOHUD (given the fact that I am the only RA he knows, worked directly for & has this level of media attention), I defer to you all.

Ultimately, it's my understanding that it will be distributed by the NYC office when ready on Monday.

**Attachments:** dbc listening tour city selection data.xlsx

Team - apologies in advance for the long email. This is for discussion tomorrow, but wanted create a way for us to use some data to finalize our city selction, with the understanding that Detroit will be the first city. Great news is that most of the cities that are on the tour list rise to the top of this sheet and we can discuss how want to round out the list tomorrow.

Some helpful tips to understanding the sheet:

- 1. R is the most important column to look at and the smaller the number the more attractive the city is for the tour
- 2. We are using stats in the following categories: poverty level, % voted GOP, homelessness % change y/y, unemployment rate, and pop growth
- 3. Each of the top 50 cities are ranked vs each other (this is important with the election results. given they are metro areas, the GOP numbers don't reflect the whole state, but that is normalized since we are only comparing metro areas)
- 4. Finally, I have added a way to weigh each of the data categories (in this versio, i've given poverty levels the most weight and pop growth the least weight) you can play with cells O2-O7 to change the weighting
- 5. If you change the weighting, just re-sort column R by smallest to largest to see what cities come to the top.

Happy to walk through this tomorrow but thought this would be good for us all to look at as we coordinate together.

Best, Maren

Justin – Nice to meet you today. I've cc'd the folks in the HUD office that are planning Dr. Carson's Listening Tour. Just thought I'd connect all of you via email as well since the tour will likely begin sooner rather than later. Thanks.

Good morning, Justin!

Hope all is well! Long time, no talk! Congratulations again on your IGA appointment and I am confident that I speak on behalf of Dr. Carson's entire team when I say that we look forward to working together to ensure the success of his Listening Tour.

Shermichael briefed me on the call you had yesterday with respect to the same. Going forward, please know that I will be the lead planner for the Tour, along with Carson's other deputy, Deana Bass, as well as his Director of Advance, Michael Nason & Mason Alexander and Stanley Hardy, IGA.

At your convenience, I propose that we all jump on a quick conference call this afternoon or even tomorrow morning to ensure we're all on the same page. Thank you!

Justin – Nice to meet you today. I've cc'd the folks in the HUD office that are planning Dr. Carson's Listening Tour. I told Shermichael (lead planner) that he should share with Intergov all the stops, etc. for optimal coordination/messaging. Just thought I'd connect all of you via email as well since the tour will likely begin sooner rather than later. Thanks.

I'm told that the \$271 million figure below goes back to at least 2006, possibly further. There is a schedule for annual payments attached to the refinance transaction which caps the annual subsidy at \$19.7 million for the first 7 years (2010-2016), dropping to \$16.6 million this year. So we could respond with something like: "The value of the 236 interest rate subsidy varies from year to year. In 2017 the value will be \$16.6 million."

Sorry, folks, I hate to be a pain, but our Public Affairs Office, after seeing such a big number, wants to know if we can put this in context somehow. One thing they'd like to

know is what the interest rate reduction was - how many basis points a year (from 8% to 5%, or whatever it was ).

Also, I was thinking that we could give out the \$271k number, but along with how much they've paid in mortgage payments over the life of the loan.

Thanks so much – begging your indulgence on a Friday afternoon.

Dr. Carson & his team deem her divisive and disruptive, as do I.

If it helps, Eric Trump agrees that it's best to nip this potential problem in the bud & told me to call Jared, if necessary, but I prefer to go through you all first.

To date, this has been kept very close to the vest. Only 4 people are aware of this effort – me, Dr. Carson, Shermichael and Armstrong Williams (Carson's confidente).

We'd like to keep it that way, but defer to you on how best to proceed ASAP.

Now Carson, himself, evidently wants her gone regardless of who she may/may not be connected to -- and said he will do it himself if he has to -- but I'm sure you agree that would not be ideal.

That said, Carson's team suggests that PPO/Cornish/Jared/WH simply advise her that "...she's done such a great job laying the ground work at HUD that Labor (or wherever) permanently needs her talents there now..." Thoughts?

The less drama, the better. Therefore, I choose not to be involved anymore & defer to you.

Don't kill the messenger, but Carson's longtime deputy COS, Shermichael, is threatening to leave if she isn't transferred by EOD or latest tomorrow AM.

So this is effectively Code Red status now. More people are in the loop here now and all agree that she needs to go ASAP.

He said to please worry about her replacement later, if even necessary. He said Andrew Hughes is amazing & can likely do both jobs.

Thx Sean. I'm happy to bring you up to speed, but it's likely best to simply speak directly to Shermichael.

Dr. Carson & his team deem her divisive and disruptive, as do I.

If it helps, Eric Trump agrees that it's best to nip this potential problem in the bud & told me to call Jared, if necessary, but I prefer to go through you all first.

To date, this has been kept very close to the vest. Only 4 people are aware of this effort – me, Dr. Carson, Shermichael and Armstrong Williams (Carson's confidente).

We'd like to keep it that way, but defer to you on how best to proceed ASAP.

Just wanted to give you a head's up that Carson's team told me that they are dismayed by the pace of her removal and have now told Dr. Carson about their concerns.

Now Carson, himself, evidently wants her gone regardless of who she may/may not be connected to -- and said he will do it himself if he has to -- but I'm sure you agree that would not be ideal.

That said, Carson's team suggests that PPO/Cornish/Jared/WH simply advise her that "...she's done such a great job laying the ground work at HUD that Labor (or wherever) permanently needs her talents there now..." Thoughts?

The less drama, the better. Therefore, I choose not to be involved anymore & defer to you.

But feel free to call his chief of staff, Shermichael Singleton, directly, 202-903-9005.

Thank you! All anticipated. The support I've received today from so many people - including the both of you, the Secretary & the family - has been truly humbling and renders all of this ultimately very silly. However, let's all circle up on Tuesday to see how things continue to play out. If we need to confirm the appointment early, then that's what we need to do regardless of past protocol. Unfortunately, my circumstance is not like any other. More importantly, I won't allow my reputation, nor the reputation of the hard working NY/NJ office to be unnecessarily compromised with rampant speculation & undocumented assumptions over the next 15 days. It's best to deflect and refocus the attention on the vision for the regional office. I'm sure we all agree. In the interim, I will be working on my press release/HUD Happenings announcement & support quotes with the WH comms team. Have a great weekend!

Hi Rick!

Hope all is well. Long time, no talk!

Just wanted to touch base with you quickly to let you know that I spoke to the Secretary and we both agree that he would like to raise his visibility with respect to WH events, particularly as they pertain to both the Infrastructure & Workforce initiatives (as well as "Build American, Buy American," etc).

I'm sure we both agree that there are tons of mutually beneficial reasons why Carson's participation can better advance these roll-outs. Particularly, since POTUS expressly told the Secretary that he considers housing to be a part of this country's infrastructure.

Can you help us ensure his participation, going forward? I ran into George at the hotel and discussed the Secretary potentially joining POTUS on any/all applicable trips and he concurred that would be great idea.

That said, I also arranged a lunch later this month between the Secretary & Ivanka to identify ways that HUD can specifically assist her workforce & economic empowerment ideas (as we have many) and she told me this past weekend that she's very much looking forward to it.

By copy of this email, I am looping in his Deputy Chief of Staff, Deana Bass, who has been working with Ja'Ron on several policy issues and would be the point person, going forward, with respect to coordinating Carson's participation in the above delineated areas, as well as Raffi Williams (Press Secretary).

Looping in Andrew Hughes, WH Liaison too, so that we're all on the same page. Win win.

Lastly, not sure if you are aware, but I have recently been appointed by Secretary Carson (with POTUS/PPO approval) to be Regional Administrator, Region II (New York & New Jersey) and will be relocating back at the end of the month. Beyond honored.

Would love to arrange a meeting with someone in your department to specifically discuss this Administration's priorities for that region, in kind, and plan to work closely with Matthew Hunter here at HUD, as well. Ja'Ron – let's brainstorm on that region too. Kindly advise!

Thank you, Amy!

I just spoke to the Secretary & he approved the below edits:

Please change his quote to and combo of both of ours....

1) "Ms. Patton's unique ability to engage & foster viable relationships across bipartisan silos will significantly facilitate the delivery of HUD's programs to better assist families in the greater NY region. Her energy & enthusiasm....etc etc"

In the 5th paragraph, please remove "across the region" as you say region twice.

And please put back in the final paragraph, "As someone with both the trust and respect of the HUD Secretary and the President of the United States, I look forward to advocating before them on behalf of the city & region I love."

Once done, kindly resend to all of us and Region II & we're good to go!!

We'll draft the HUD Happenings in the same mode.

Hi Team:

Per our conversation and edits this morning, attached is the PR I've been working on with WH comms.

Amy – if you have a different version, please share and we can craft a final version.

The bottom line is that I don't want anything being released on my behalf without a joint review of the same – even if it's been approved by SOHUD. I have the right to participate and approve it.

Lastly, while I disagree with the mindset that this should be handled like previous RA announcements without a quote from SOHUD (given the fact that I am the only RA he knows, worked directly for & has this level of media attention), I defer to you all.

Ultimately, it's my understanding that it will be distributed by the NYC office when ready on Monday.

Please change his quote to and combo of both of ours....

1) "Ms. Patton's unique ability to engage & foster viable relationships across bipartisan silos will significantly facilitate the delivery of HUD's programs to better assist families in the greater NY region. Her energy & enthusiasm...etc etc"

In the 5th paragraph, please remove "across the region" as you say region twice.

And please put back in the final paragraph, "As someone with both the trust and respect of the HUD Secretary and the President of the United States, I look forward to advocating before them on behalf of the city & region I love."

Once done, kindly resend to all of us and Region II & we're good to go!!

We'll draft the HUD Happenings in the same mode.

Hi Team:

Per our conversation and edits this morning, attached is the PR I've been working on with WH comms.

Amy – if you have a different version, please share and we can craft a final version.

The bottom line is that I don't want anything being released on my behalf without a joint review of the same – even if it's been approved by SOHUD. I have the right to participate and approve it.

Lastly, while I disagree with the mindset that this should be handled like previous RA announcements without a quote from SOHUD (given the fact that I am the only RA he knows, worked directly for & has this level of media attention), I defer to you all.

Ultimately, it's my understanding that it will be distributed by the NYC office when ready on Monday.

#### Dear John & Sean:

Just wanted to apologize to you both & let you know that I was simply acting on information being relayed to me by two of Carson's top aides (either intentionally or likewise accidentally) & was under the impression this effort is what Dr. Carson supported, in kind. Although I clearly don't harbor a fond opinion of Ms. Kasper - and rightly so - this effort was never solely instigated by me. In fact, I'm the one who instructed his aide to call Dr. Carson yesterday morning & advise him that someone from PPO will finally be calling him to confirm her transfer, per my understanding of his wishes, and assumed he'd be grateful. That's when this whole misunderstanding was exposed. Lesson learned.

Rest assured, I am only here to advance the mission of HUD and Dr. Carson/POTUS' vision of the same. The Trump family can confirm that I have never personally levied their name to benefit myself & have been drama-free for 8 years. I certainly have no intention of starting now. Thank you.

#### Dear Jared & Kellyanne:

Congratulations again on the formation of the Opioid Commission with Governor Chris Christie. To that end, I simply wanted to take this opportunity to formally reiterate that it would be an honor to be officially involved, going forward – either by serving on the Commission itself or -- due to my position as Director of Public Liaison and Senior Advisor at HUD -- maybe serve in the capacity of a formal HUD liaison inasmuch that addiction is without question a clear & present crisis in public housing/urban/rural communities and Dr. Carson has charged me with spearheading his current national Listening Tour, as well as any/all applicable policies & platforms, going forward.

I'm sure you all agree that I certainly became the unwitting (albeit proud) face of addiction during the campaign due to my viral video and cannot even begin to share how many supporters approached me on the trail & at the RNC to share their stories of addiction, or sadly more often than not, heartbreak. Many of whom also expressed to me their expectation that I play a key role in ensuring that this commission and/or an addiction platform for this Administration came to fruition, in kind.

By putting this critical (and personal) issue at the forefront of the Trump White House, you have made me – and this country – so incredibly proud and I would expect nothing less from your amazing team. It would be an honor to play whatever role you deem fit for me on this journey.

Your consideration is greatly appreciated. Thank you & have a wonderful evening!

Subject: HUD | Listening Tour/Detroit

Hey guys – hope you're having a nice weekend. Just as a follow up from our meeting Friday – want to circle back on Detroit.

Assuming Dr. Carson's confirmation happens next week, we are still planning on kicking off the tour in Detroit on March 15<sup>th</sup>. If you guys wanted to plan something with some key people, it looks like Thursday March 16<sup>th</sup> at 4:30 would work well given the current schedule of events.

Let's brainstorm around what that event would be and who you would like to invite. I believe Dr. Carson would have a hard stop at 6pm.

Best, Maren

It is important to remind people that this was an unprecedented event — two massive hurricanes back to back — met by an unprecedented federal response. The whole of government has gone above and beyond to save lives and help the millions of Americans affected. President Clinton's former FEMA Director James Lee Witt gives the Administration an A+ for the response. POTUS requested Congress for \$34B in disaster relief funding that passed the House last week to continue to provide the relief that millions of Americans affected by the recent natural disasters will need.

# FEMA BRIEFING POINTS: HURRICANE MARIA October 17, 2017 as of 9:30 a.m. Eastern

## Key Messages

- The full force of the federal government continues to make progress toward recovery, working hand-in-hand with U.S. Virgin Islands and Puerto Rico officials, municipalities, businesses and voluntary agencies on the islands.
- We are pushing every day to restore essential services, and doing everything we can.
  - Our goal is to help Puerto Rico and the U.S. Virgin Islands restore water, electricity, and communications, which will enable citizens to begin to return to their routines.
- The recovery efforts in Puerto Rico and the USVI will last for months, if not years. With such severe damage to critical infrastructure, rebuilding will take time, even with the level of personnel and materials that are surging onto the islands. This Administration, and the more than 20,000 Federal personnel deployed to the impacted area, will not be satisfied until every resident on Puerto Rico and the U.S. Virgin Islands is able to return home and continue life as normal.

\*\*\*\*\*

## **Power & Generators**

- U.S. Army Corps of Engineers (USACE) temporary power response teams have been on the ground since before the storm and continue to assess power needs and install generators at critical facilities. As of Oct. 16, USACE installed 113 generators at critical facilities in Puerto Rico, powering critical infrastructure including hospitals and shelters, and completed 359 generator assessments. As of Oct. 16, USACE installed 74 generators in U.S. Virgin Islands, and completed 210 generator assessments.
- With the unified efforts from the Department of Energy, the USACE, Puerto Rico Electric Power Authority, and the private sector, an estimated 14 percent of customers have had power restored in Puerto Rico. These teams with other federal partners continue operations to restore the power grid. For the U.S. Virgin Islands, power has been restored to 23 percent of customers in St. Thomas and 17 percent of customers in St. Croix.

## Puerto Rico Power Grid Repair

The Governor of Puerto Rico set an aggressive goal for power restoration. It
is important to remember that emergency power generation, transmission and
distribution is an inter-related process and any delays in one area will
ultimately affect timelines to achieve the Governor's goal. Factors including

- supply, ability to transport by air or sea, and weather can all cause significant delays.
- The system remains fragile. We will continue to see progress, even as setbacks are experienced. Even last week we saw the impacts weather can have on lines and poles that were just repaired.
- Puerto Rico has 2,400 miles of transmission lines across the island, and 30,000 miles of distribution lines with 300 sub-stations, it is estimated that 80 percent of the grid have been affected. Already in Puerto Rico, more generators have been installed than in Texas (Harvey) and Florida (Irma) combined.

## Hospitals and Medical

- The U.S. Department of Health and Human Services is supporting medical needs in Puerto Rico by assisting Centro Medico emergency and trauma center; augmenting hospitals in key locations; and maintaining contact with remaining all island hospitals to address supply and fuel needs.
- Twenty-three HHS medical teams are stationed across Puerto Rico to support local medical facilities, medical shelters, and field medical stations. Puerto Rico Department of Health, supported by HSS, identified a strategy for hospital patients in case a hospital loses power.
- The USNS Comfort is providing support to medical services and patients throughout Puerto Rico.

#### **Communications**

- In the U.S. Virgin Islands, an estimated 44 percent of cell service has been restored; and in Puerto Rico, more than 25 percent\* of island cell service has been restored, covering 74 percent of the population. Due to additional equipment and "roaming agreements," 59 percent of population has access to telecommunication services (wired or wireless).
- Mayors of all 78 municipalities have satellite phones to facilitate communication with Puerto Rico Emergency Management Agency and the federal government.

## Outreach to Communities DSAT and Facebook

- Disaster Survivor Assistance Teams are on the ground in the U.S. Virgin
  Islands and Puerto Rico focused on key priorities of needs assessments for
  vulnerable populations; requests for disability related accommodations; and
  referrals to partners offering additional survivor services. In Puerto Rico and
  USVI teams are accepting on-site registrations, in some locations.
- Virgin Islanders can visit <u>>www.facebook.com/FEMAUSVirginIslands<</u> and Puerto Ricans can visit <u>>www.facebook.com/FEMAPuertoRico<</u> to find

information on federal response and recovery activities, location-specific updates, helpful links, and photographs and videos of the united effort to help the islands recover from hurricanes Irma and Maria.

## **Outreach to Puerto Rican Mayors**

 93 staff from the federal family are assisting in Puerto Rico with the largest ever intergovernmental affairs mission in a disaster, and are assisting operations by informing the 78 mayors about federal disaster resources and identifying resource needs for action.

#### Schools

- Although it will be some time before communities truly recover, schools are
  opening and serving as feeding sites for their communities. The Puerto Rico
  Department of Education (PRDE) is managing fixed feeding sites at school
  locations, which provide breakfast and lunch for students and survivors seven
  days a week until further notice at select schools.
- An important milestone has been achieved in the recovery effort, the U.S.
   Virgin Islands, has reopened seven schools in St. Thomas. Ten more schools are working to reopen in St. Thomas, St. John and St. Croix soon.

## Commodity Distribution

- FEMA and federal partners, provided millions of meals and millions of liters
  of water to Puerto Rico and U.S. Virgin Islands. Additional meals and water
  continue to arrive to the islands regularly via air and sea.
- Puerto Rico established 10 regional staging areas serving all 78
   Municipalities; the National Guard and federal partners are supporting delivery
   of supplies to these locations and to points of distribution. In some cases,
   FEMA delivers commodities directly to 34 Municipalities through air drops.
- Salvation Army, Feeding America, the American Red Cross, and other voluntary agencies continue to deliver food and water, and distribute meals across the island through shelters and senior centers.

#### Disaster Fraud

- Unfortunately, Disaster responses often attract scam artists, identity thieves
  and other criminals. As we have done in Hurricanes Harvey, Irma and Maria,
  in every disaster, FEMA proactively shares information with the public on
  how to guard against fraud and report suspicious activity.
- If a disaster survivor suspects suspicious activity or fraud, he/she should immediately contact the Disaster Fraud Hotline at 866-720-5721

#### **Donations**

- FEMA does not transport donations collected by local, tribal, territorial, or state government or collected by private sector, non-governmental organizations, or NVOAD from point of collection to impacted areas.
- Those who want to help should visit <a href="www.nvoad.org">www.nvoad.org</a>. National Voluntary Organizations Active in Disaster (NVOAD) coordinates closely with governors' offices on offers of assistance. To make a cash donation directly to the Commonwealth of Puerto Rico, visit

It is important to remind people that this was an unprecedented event – two massive hurricanes back to back – met by an unprecedented federal response. The whole of government has gone above and beyond to save lives and help the millions of Americans affected. President Clinton's former FEMA Director James Lee Witt gives the Administration an A+ for the response. POTUS requested Congress for \$34B in disaster relief funding that passed the House last week to continue to provide the relief that millions of Americans affected by the recent natural disasters will need.

I'll give you a call on some other potential questions you'll receive.

# FEMA BRIEFING POINTS: HURRICANE MARIA October 17, 2017 as of 9:30 a.m. Eastern

## Key Messages

- The full force of the federal government continues to make progress toward recovery, working hand-in-hand with U.S. Virgin Islands and Puerto Rico officials, municipalities, businesses and voluntary agencies on the islands.
- We are pushing every day to restore essential services, and doing everything we can.
  - Our goal is to help Puerto Rico and the U.S. Virgin Islands restore water, electricity, and communications, which will enable citizens to begin to return to their routines.
- The recovery efforts in Puerto Rico and the USVI will last for months, if not years. With such severe damage to critical infrastructure, rebuilding will take time, even with the level of personnel and materials that are surging onto the islands. This Administration, and the more than 20,000 Federal personnel deployed to the impacted area, will not be satisfied until every resident on Puerto Rico and the U.S. Virgin Islands is able to return home and continue life as normal.

\*\*\*\*\*

## **Power & Generators**

- U.S. Army Corps of Engineers (USACE) temporary power response teams have been on the ground since before the storm and continue to assess power needs and install generators at critical facilities. As of Oct. 16, USACE installed 113 generators at critical facilities in Puerto Rico, powering critical infrastructure including hospitals and shelters, and completed 359 generator assessments. As of Oct. 16, USACE installed 74 generators in U.S. Virgin Islands, and completed 210 generator assessments.
- With the unified efforts from the Department of Energy, the USACE, Puerto Rico Electric Power Authority, and the private sector, an estimated 14 percent of customers have had power restored in Puerto Rico. These teams with other federal partners continue operations to restore the power grid. For the U.S. Virgin Islands, power has been restored to 23 percent of customers in St. Thomas and 17 percent of customers in St. Croix.

## Puerto Rico Power Grid Repair

The Governor of Puerto Rico set an aggressive goal for power restoration. It
is important to remember that emergency power generation, transmission and
distribution is an inter-related process and any delays in one area will
ultimately affect timelines to achieve the Governor's goal. Factors including

- supply, ability to transport by air or sea, and weather can all cause significant delays.
- The system remains fragile. We will continue to see progress, even as setbacks are experienced. Even last week we saw the impacts weather can have on lines and poles that were just repaired.
- Puerto Rico has 2,400 miles of transmission lines across the island, and 30,000 miles of distribution lines with 300 sub-stations, it is estimated that 80 percent of the grid have been affected. Already in Puerto Rico, more generators have been installed than in Texas (Harvey) and Florida (Irma) combined.

## Hospitals and Medical

- The U.S. Department of Health and Human Services is supporting medical needs in Puerto Rico by assisting Centro Medico emergency and trauma center; augmenting hospitals in key locations; and maintaining contact with remaining all island hospitals to address supply and fuel needs.

Just wanted to give you a head's up that Carson's team told me that they are dismayed by the pace of her removal and have now told Dr. Carson about their concerns.

Now Carson, himself, evidently wants her gone regardless of who she may/may not be connected to -- and said he will do it himself if he has to -- but I'm sure you agree that would not be ideal.

That said, Carson's team suggests that PPO/Cornish/Jared/WH simply advise her that "...she's done such a great job laying the ground work at HUD that Labor (or wherever) permanently needs her talents there now..." Thoughts?

The less drama, the better. Therefore, I choose not to be involved anymore & defer to you.

Kirbyjon Caldwell Windsor Village United Methodist Church Houston, Texas

Pastor Kirbyjon Caldwell runs an impressive church outreach program that has attracted national attention, and made him an unofficial advisor to U.S. President George W. Bush. Caldwell turned his Windsor Village United Methodist Church from a struggling congregation of just two dozen members into one of Houston's most dynamic community-revitalization centers. Its mission operates on the principle that helping others achieve economic independence and dignity fulfills the Christian tenets of brotherhood and compassion, and its success provided some of the inspiration for the White House Office of Faith-Based Initiatives, created in Bush's first term.

Dr. Jack Graham Prestonwood Baptist Church Plano, Texas

Dr. Jack Graham pastors Prestonwood Baptist Church, one of the nation's largest, most dynamic congregations. When Dr. Graham came to Prestonwood in 1989, the 8,000-member congregation responded enthusiastically to his straightforward message and powerful preaching style. He challenged the Prestonwood family with a vision for a larger outreach, and in 1999, the church moved from its North Dallas location to a new 7,500-seat auditorium in west Plano.

With more than 33,000 members, Prestonwood has grown offering seven weekend worship services, four midweek services, about 300 Bible Fellowship classes for all ages, and multiple outreach and community ministries that reach thousands. In 2006, the church added a second location, the North Campus, in a burgeoning area 20 miles north of Plano. And in 2011, Prestonwood returned to its roots—beginning its third location, the Dallas Campus, about two from miles from its original location.

Bishop T.D. Jakes The Potter's House Dallas, Texas

In 1982, Bishop Jakes became the pastor of the Greater Emanuel Temple of Faith, a small, Montgomery, West Virginia independent Pentecostal church. During this time, he began a radio ministry The Master's Plan that ran from 1982-1985. He also became acquainted with Bishop Sherman Watkins, founder of the Higher Ground Always Abounding Assembly. Watkins ordained Jakes as a minister of the Higher Ground Assembly. In 1993, Jakes self-published his first book, Woman, Thou Art Loosed, a national bestseller, drawing on his experiences working with the women of his congregation. He also began a new television ministry, Get Ready, which aired on Black Entertainment Television and the Trinity Broadcasting Network. In 1994 he held the first of what would become a series of conferences for ministers and their spouses, "When Shepherds Bleed." In May 1996, Jakes moved his family and his ministry again, to Dallas, Texas, founding "The Potter's House." The church has grown to a congregation of 14,000. Its ministries include the Ravens Reach program for the homeless, Operation Rehab, an outreach program for prostitutes, Transformation Treatment, a program for substance abusers, as well as prison ministries, literacy programs, youth ministries, weight-loss programs, and mentoring and job-training programs.

Dr. Robert Jeffress First Baptist Church Dallas, Texas

Dr. Robert Jeffress is Senior Pastor of the 12,000-member First Baptist Church, Dallas, Texas and a Fox News Contributor. He is also an adjunct professor at Dallas Theological Seminary. Dr. Jeffress has made more than 2000 guest appearances on various radio and television programs and regularly appears on major mainstream media outlets.

Dr. Jeffress hosts a daily radio program, **Pathway to Victory**, heard nationwide on over 800 stations in major markets. Dr. Jeffress graduated from Southwestern Baptist Theological Seminary with a D.Min., a Th.M. from Dallas Theological Seminary, and a B.S. degree from Baylor University. In May 2010, he was awarded a Doctor of Divinity degree from Dallas Baptist University. In June 2011, Dr. Jeffress received the Distinguished Alumnus of the Year award from Southwestern Baptist Theological Seminary.

Donald J. Ours
Holy Trinity Catholic Church
Dallas, Texas

Father Donald Ours became Pastor of Holy Trinity Catholic Church, August 1, 2011. Holy Trinity, a 100-year-old Church is located in the heart of Dallas, and was originally founded as a mission church. In the past hundred years, Holy Trinity has served as a school, home for girls and teaching center for non-Catholics. Holy Trinity continues its missionary tradition to this day with lay ministries involved in service and outreach to the larger community. Perhaps it is this aspect that makes Holy Trinity seem 'different' as a parish community, explaining why so many of its families come from outside the parish boundaries. Holy Trinity is, in many ways, still a mission church.

Thank you, Tiffany & much appreciated!

However, my starting SES salary, as promised to me by the President-Elect (at the time) and his Chief of Staff team is \$155K.

To that end, I was advised that I do not need to provide verification of my previous annual \$100K+ salary, but am happy to do so.

Regardless, it should have no impact on the same and I look forward to being paid on time at the above-delineated rate in 2 weeks.

I am looping in both Sean Doocey (Presidential Personnel) and Andrew Hughes, who can also verify the same.

Should this conversation need to transcend their collective authority, then I am happy to oblige, but I wish to respect the chain of command.

Lastly, kindly adjust the attached to reflect both the correct salary & my full formal title: Senior Advisor to the Secretary and Director of Public Liaison

Thank you!

Thank you, Hannah & good morning, Deloris & pleasure to meet you!

My apologies for the untimely reply, but the Secretary and I depart for Ohio tomorrow as part of his national listening tour and we were just finalizing various components of the same.

That said, I am also looping in both of our faith-based contacts here at HUD, Paula Lincoln and Richard Youngblood, who recently attended a Chicagoland faith-based community listening session last week & will be happy to share their findings with us.

Without question, your coalition efforts are of great importance to the Secretary, as well as an obvious & longtime priority of POTUS, in kind.

Let's all plan to jump on a conference call sometime next week when I return, should that work with both your & Pastor Winston's schedules. Win win.

Thank you! All anticipated. The support I've received today from so many people - including the both of you, the Secretary & the family - has been truly humbling and renders all of this ultimately very silly. However, let's all circle up on Tuesday to see how things continue to play out. If we need to confirm the appointment early, then that's what we need to do regardless of past protocol. Unfortunately, my circumstance is not like any other. More importantly, I won't allow my reputation, nor the reputation of the hard working NY/NJ office to be unnecessarily compromised with rampant speculation & undocumented assumptions over the next 15 days. It's best to deflect and refocus the attention on the vision for the regional office. I'm sure we all agree. In the interim, I will be working on my press release/HUD Happenings announcement & support quotes with the WH comms team. Have a great weekend!

### Region II

Following up on the WSJ article on potential cuts to NYCHA's funding, Region II received inquiries from:

- David Goodman at the New York Times
- 2. Cindy Rodriguez at WNYC
- 3. Emma Whitford at Gothamist
- 4. Allison Papson at News12
- 5. Brendan Krisel at Patch
- 6. Reggie Vikram at NY1 News

The Regional Public Affairs Officer was in close touch with our office and NYPIH throughout the day. As of yet we have been unable to nail down the details of exactly what is behind the numbers NYCHA is claiming, although it stems from the February 26th letter which reduced Operating Subsidy proration from 90% to 85%.

The Regional Public Affairs Officer did not speak on the record to any of the reporters above, but explained on background that budget uncertainty is tied to operating under a CR, and that "cuts" are only final when Congress passes a budget. He also emphasized that there is no connection between the issue at hand and the FY18 budget request or appropriations. A copy of the letter was provided to all of the reporters except David (who had it from NYCHA already) and Reggie, who didn't request it.

Inquiry from Olivia Winslow at **Newsday** about the status of a fair housing complaint filed by Erase Racism against Nassau County in April of 2014. The Regional Public Affairs Officer is currently waiting for a response from our Fair Housing Office before replying.

Reporter Reggie Vikram from **NY1 News/NY1 Noticias** inquired about an earlier Wall St. Journal report of a rumored cut in funding for the New York City Housing Authority (NYCHA). Mr. Vikram was connected with Charles McNally, the Regional Public Affairs Officer covering New York State, to supply background information.

Reporter Craig Harris from the **Arizona Republic** sent a list of questions regarding HUD's upcoming onsite monitoring of the Navajo Housing Authority. We are coordinating with our ONAP policy office to provide a list of written replies to his inquiries.

Reporter Laura Kiesel writing for the **Boston Institute of Nonprofit Journalism** asked for background information on HUD's housing voucher investments in several towns in Massachusetts. We sent her a link to HUD's Community Assessment Reporting tool (CART) so could obtain an overview of data from the state, and provided her with the contact information of Public Affairs staff in our Boston Regional Office in case she wishes to speak with a local housing expert.

### Region III

**ABC13 News Now, WVEC-TV** (Norfolk, Va.) Investigative Reporter Laura Geller requested information about the December onsite review of the Portsmouth Redevelopment & Housing Authority. The report-out of the review is not available and is tentatively scheduled for completion mid-April. This is an ongoing story that includes the dismissal/resignation of the entire PRHA Board of Commissioners.

Greater Greater Washington, a housing, transportation, and urban planning blog in Washington, D.C. writer Pete Rodrigue is writing a story about Brookland Manor, a Northeast DC complex with 373 project-based Section 8 units. He is following-up a story written by the Washington Post last year, in which mentioned that the owner's suing people for \$25 dollars in overdue rent seemed like an odd reading of HUD rules. Brian Sullivan was quoted as saying despite the wording of its regulations, the agency has never reprimanded a property owner for failing to sue over small amounts of money. The reporter is validating that is still the case. There are other issues concerning the redevelopment including a pending lawsuit, failure to secure final zoning approval and resolution of an issue with the DC Preservation Network.

#### Region IV

David Plazas, Opinion Engagement Editor, **The Tennessean/USA Today** The media query pertains to what is the future of affordable housing in Nashville to include public housing. Asked about speaking to someone about the history of public housing and mixed income housing. Working with OPA on question about the history of PH and mixed income housing from the standpoint of speaking to someone at HUD HQ about that. He is also contacting Jim Harbison, Nashville PH Executive Director about city's plans to address affordable housing.

Senior citizens originally told they must remove their American flags will soon have the right to fly Old Glory permanently protected in local public housing code.

The Gastonia Housing Authority called a special board meeting for Tuesday to address its flag policy. Board members will meet by phone and approve making the American flag an exception to its policy against hanging items from the agency's apartment buildings, according to Housing Authority Executive Director Gary Foster.

"Any resident of the housing authority that wants to display a United States flag can do so," Foster said. "When the policy of not attaching items to the building was put in place, we never envisioned that would prohibit the display of a United States flag."

Residents of Linwood Terrace, a group of Gastonia condominiums mainly designed for senior citizens, were shocked to hear in December they could either take their flags down or risk being removed from their homes.

Assuming Dr. Carson's confirmation happens next week, we are still planning on kicking off the tour in Detroit on March 15<sup>th</sup>. If you guys wanted to plan something with some key people, it looks like Thursday March 16<sup>th</sup> at 4:30 would work well given the current schedule of events.

Let's brainstorm around what that event would be and who you would like to invite. I believe Dr. Carson would have a hard stop at 6pm.

# PRESIDENT'S ADDRESS TO A JOINT SESSION OF CONGRESS

The President is committed to keeping his promises to the American people.

- He has already saved taxpayers millions of dollars by renegotiating promises, and will save billions more on contracts all across government.
- We have undertaken a historic effort to roll back over-burdensome regulations.
- The President has begun the process of draining the swamp of Washington corruption.
- He has cleared the way for pipeline construction and withdrew the country from the Trans-Pacific Partnership.

Looking forward, the President will lay out an optimistic vision for the nation with a focus on the government putting the interests of the American people first.

- There is a renewed spirit of optimism sweeping the country.
- We are thinking like Americans again dreaming big, building and undertaking monumental tasks and solving enormous problems.
- But we must work together across party lines to do it.

#### We must restart the engine of America's economy.

- American businesses are being crushed under an avalanche of taxes and regulations.
- We must make it easier for companies to do business in America.
- We will deliver historic tax reform so that American businesses can compete and thrive.
- The middle class must get tax relief.

- We must have fair trade for our workers foreign countries can no longer be allowed to tax our exports while shipping goods into our country for free.
- We must protect our workers by enforcing our immigration laws, and it is time to implement a merit-based immigration system.
- We will be guided by two core rules: Buy American, and Hire American.

## Our people must have access to quality, affordable healthcare of their choosing.

- Congress must repeal Obamacare and replace it with a system that expands choice, increases access and lowers costs.
- Americans with pre-existing conditions must have coverage, and we must smooth the transition for Americans currently in the exchanges.
- Our governors must have flexibility and resources they need to ensure no one slips through the cracks.
- Americans must have the freedom to purchase health insurance in a national marketplace – it is time for competition that benefits consumers.
- We must eliminate the burdensome approval process for life-saving drugs so that more lives can be saved.

#### Every parent deserves a choice, and every child deserves a chance.

- Education is a civil rights issue every child must have access to a quality education, no matter their zip code.
- Our disadvantaged youth, including millions of African-American and Latino children, deserve access to good schools and great teachers.
- We want to help our children break the cycle of poverty, and education is the key.

## Every family deserves the opportunity to live in peace and safety in their homes and communities.

- We must break the cycle of violence in our cities.
- To accomplish this, we must support our men and women in law enforcement. They deserve our respect and appreciation.
- For our people to be truly safe, our men and women of the military must have the tools they need to prevent and, if they must, win a war.
- And when our veterans come home, they must be taken care of.

## Looking abroad, an America First policy calls for robust engagement with the world in areas of mutual interest.

- We support NATO, but our partners must meet their financial obligations.
- Our strategic partners around the world must play meaningful roles in operations and help cover the costs.
- We must learn from the mistakes of the past that have led to so much destruction around the world.
- We are prepared to forge new partnerships where our interests align. We are looking for partners in peace.

### OTHER NEWS OF THE DAY

### Legislation and Executive Orders Signed Today

H.R. 321 - The INSPIRE Act

- This bill, which was passed unanimously by Congress, encourages NASA to have women and girls participate in science, technology, engineering, mathematics, and to pursue careers in aerospace, using existing programs and resources.
- · Specifically, the bill encourages the expansion of the missions of:
  - NASA Girls & NASA Boys
  - Aspire to Inspire
  - O The Summer Institute in Science, Technology, Engineering, and Research.
- Also requires NASA to produce a report in 90 days to detail how the agency can best support engagement for women and girls in aerospace and related fields.

#### H.R. 255 - The Promoting Women in Entrepreneurship Act

- Similar to the INSPIRE Act, H.R. 255 encourages the National Science Foundation to use existing programs to recruit and support women in the sciences.
- R. 255 was passed by unanimous consent in both the House and Senate and has no cost according to the Congressional Budget Office.
- This bill is in part of the Innovation Initiative, launched jointly by Leader McCarthy and Representative McHenry

#### Executive Order on the Waters of the United States (WOTUS)

- The Waters of the United States issue has had a long odyssey in the regulatory and legal world for the last 30 years, including 3 Supreme Court decisions and revised guidance from multiple administrations.
- The last administration overturned previous guidance and instituted the Clean Water Rule, previously known as the Waters of the U.S. Rule, a massive power grab that vastly expands federal jurisdiction into state and local areas and decisions regarding their land use.
  - This rule is strongly opposed by farmers, ranchers, and agricultural workers all across our country because it prohibits them from doing their jobs as efficiently as possible and treats our small farmers as if they were major industrial polluters.
- Past Supreme Court decisions have tried to make it clear that the jurisdiction of federal agencies who oversee this issue should be shrinking, not expanding.
- This order directs the Army Corps of Engineers and the EPA to review and reconsider the Obama administration's rule and provides instruction to the Attorney General for proceeding with current legal action regarding the rule.
- By eliminating this rule, we will unleash our farmers and ranchers to freely, yet still
  safely, expand their operations, and allow more Americans to make their living off
  our great land.

#### Executive Order on the Historically Black Colleges and Universities Initiative

- President Trump is making HBCUs a priority again by repositioning the HBCU initiative in the White House.
- This repositioning will strengthen the initiative by:

- Allowing it to function across all executive departments and agencies and utilize the full resources of the federal government
- Establishing HBCUs as a strategic partner in the President's urban agenda of creating jobs, revitalizing communities, and making inner cities safe again
- Increasing the private sector's role in supporting HBCUs
- O Strengthening HBCUs participation in federal programs that partner with outside groups or private organizations
- Each President since Jimmy Carter has issued an executive order on HBCUs. These
  previous initiatives lost track because they did not have the full force of the White
  House behind them. That stops with President Trump.

#### The President's Budget

- The President's first budget will be submitted to Congress on March 16<sup>th</sup>.
- The American people elected the President to prioritize their security, and that is exactly what he will do.
  - This budget provides for one of the largest increases in defense spending without increasing the debt.
  - There will be a \$54 billion increase in defense spending in Fiscal Year 2018, in addition to \$30 billion in supplemental spending for the current fiscal year.
    - This funding is vital. We must devote this money to protect the country.
  - We will also increase funding for our veterans, secure our border, and fund our other priorities.
- We are a nation that soon will be \$20 trillion in debt, so prioritizing financial security is as important as protecting our nation's physical security.
  - Families all across America have made tough choice in recent years over tradeoffs about what they can and cannot afford, but the federal government has continued to spend taxpayer dollars without pause.
  - The President has instructed his Budget Director, Mick Mulvaney, to write a budget that rebuilds our nation's military, while also making tough choices for the American people.
  - This budget will insist on \$54 billion in cuts to nondefense programs. The so-called "firewall" that protects lesser priorities from being used to pay for defense increases must go.
  - Foreign aid to other countries will be cut deeply. It is time to
    prioritize the security of this country and ask the rest of the world to
    step up and pay their fair share.
- Many government agencies will also experience cuts.
  - These cuts will be sensible, they will be rational, but they will be tough.
- That is what the moment calls for, and the President looks forward to engaging the Congress in passing his first security budget.

#### **ObamaCare**

 ObamaCare has delivered Americans an unsustainable health care system with out of control premiums, rising deductibles and dwindling choices.

- Nancy Pelosi cited three critical fronts on which ObamaCare's success should be judged: lowering costs, expanding benefits, and increasing access. The law has completely failed all three.
  - o Costs:
    - Under ObamaCare, the American people face rising premiums, unaffordable deductibles, fewer insurance choices, and higher taxes to pay for skyrocketing costs.
    - This year, the average premium for ObamaCare insurance plans in all four tiers (bronze, silver, gold, platinum) are facing a double-digit increase.
  - o Expanding Benefits:
    - Obamacare's mandates have led to mass cancellations of coverage, soaring out of pocket costs, and enrollment figures declining as millions choose to pay a tax over buying government mandated insurance.
  - o Increased Access:
    - As insurers leave the marketplace, Americans are left with fewer insurance choices, with 17% having only one insurer option available in their exchange.
    - The ObamaCare Co-Op program has failed, with 16 of 23 co-ops having failed and gone out of business.
- We are confident that once Americans see the choice between this failed system that has had two terms under the last president to deliver but has been unable to and another choice for a patient-centered plan that will return choice to the American consumer, both with insurers and doctors, and bring back down costs from where they have skyrocketed to, they will support our effort to repeal and responsibly replace ObamaCare.

## POTUS SCHEDULE

- Meeting with National Association of Attorneys General
- Signs H.R. 321 and H.R. 255
- · Signs Executive Orders on WOTUS and HBCUs
- Visit with Guests of First Address to the Joint Session of Congress

# ADDITIONAL BACKGROUND ON RECENT NEWS

#### New Extreme Vetting EO

- As the President said at his press conference, we'll be issuing a new executive action that will comprehensively protect our country.
- The new executive order is being finalized what we are doing now is running it through the different departments and agencies to ensure that it is executed in a flawless manner.
  - This is not a matter of delaying, it's a matter of getting it right.
- The court which made the misguided decision on the President's initial executive order had its decisions reversed by the Supreme Court a remarkable 79% between 2010 and 2015.

#### **Anti-Semitic Attacks Against Jewish Community Centers and Cemeteries**

- The President is deeply concerned by the reports of further vandalism at Jewish cemeteries.
- The cowardly destruction in Philadelphia this weekend comes on top of similar accounts from Missouri, and threats made to Jewish Community Centers across the country last week.
- The President continues to condemn these and any other anti-Semitic and hateful acts in the strongest terms.
- From our country's founding, we have been dedicated to protecting freedom of religion. No one in America should feel afraid to freely and openly follow the religion of their choosing.

#### White House Relationship with the Media

- Every time the media turns themselves into the story, the American people

   among whom trust in the media remains near historical lows roll their
   eyes.
- The truth is that this was simply a gaggle not a full briefing in a smaller space, and the pool was there to share what was said with their peers. The entire gaggle was also transcribed.
  - Background: A press pool is a rotating group of journalists from subscribing news organizations that pool resources and produce reports for all members to draw from in their reporting.
  - Further, we actually allowed more press in than usual for pooled events.
  - We could have kept it to the smaller pool, but instead expanded it as much as allowed by the space in the Press Secretary's office.
- It's completely false to suggest that outlets were "blocked." The media was
  represented by the pool, as it is in all situations when space or other factors
  limit the amount of press able to access an event.

#### False CNN Reporting

- The headlines and talking heads are completely ignoring the facts of this situation.
- The conversation, which centered entirely around the false New York Times report and was not related to any investigation, was initiated by the FBI, not the White House.
- Some reports have indicated communications between White House staff and the FBI might be inappropriate according to previous practice.
   However, those restrictions do not apply to conversations of public affairs.
- The Deputy Director of the FBI reached out, on his own, to the White House Chief of Staff to let him know that the New York Times report regarding contact between Russia and the Trump campaign was inaccurate. There was no "pressure" exerted on the FBI to push back on the story.
- It was the logical next step for the Chief of Staff to ask, once told that the story was false, what could be done to correct the record.
- The FBI said it would be appropriate for the Chief of Staff to say publicly that he had been briefed by intelligence officials at the highest level regarding the inaccuracy of the report.

- Quote from the Chief of Staff: "I have talked to the highest levels of intelligence officials, and they have assured me that the New York Times story about constant contacts is grossly overstated and inaccurate. So I wouldn't come on your show and say something like that if I didn't have a green light and approval to say it. It's not true." – Fox & Friends (FNC), 2/17/17
- Just because reporters and anchors say something over and over again doesn't start to make it true. At some point, we get to a place where we have to move on and focus on the things that the American people actually care about. This has been asked and answered, let's move forward.

#### **Liberal Activists at Town Halls**

- Every American has a right to speak his or her mind at town halls or other events, and we respect that.
- Reports of lawmakers distancing themselves from the President are overblown and exaggerated.
- In a recent poll, 70% of Americans (including most Democrats) wanted Democrats in Washington to work with our Administration, not protest and oppose us at all turns. A vocal minority doesn't represent the majority.

#### Reporting on the Yemen Raid

- Every American owes Ryan Owens and his family a great deal of gratitude.
   He will always be remembered as an American hero who made the ultimate sacrifice in service of his country.
- It is standard operating procedure at the Department of Defense that, anytime there is a fatality on an operation, an investigation known as a 15-6 is triggered. It can take several months to complete and a redacted version is available to the public under FOIA.

#### White House Correspondent's Dinner

- POTUS Tweet: I will not be attending the White House Correspondents' Association Dinner this year. Please wish everyone well and have a great evening!
- The President's tweet speaks for itself. He wishes everyone who is attending well but will not be attending himself.
- The event was originally created for promoting scholarships for young journalists. It's lost that focus entirely and become just another chance for the dishonest media and professional Washington to celebrate themselves.

#### **DHS Implementation Memos**

Top Line:

- Department of Homeland Security Secretary Kelly issued two memoranda to the DHS workforce providing direction for implementing two of the President's executive orders: "Border Security and Immigration Improvement" and "Enhancing Public Safety in the Interior of the United States."
- These memos ensure that all DHS employees are intimately familiar with how to implement the President's executive orders, key stakeholders are in the loop and the public is well informed on the facts.

- These memos, along with fact sheets and Q&A documents, are easily accessible by both DHS staff and the general public at www.dhs.gov/executiveorders. This page will continue to be updated as appropriate.
- Ultimately, these memos direct DHS staff to faithfully execute the immigration laws of the United States and provide them with the appropriate resources to do so.
- Specific questions about these memos can be referred to DHS.

#### Border Security and Immigration Improvement Memo:

- This memo outlines how DHS will comply with the President's executive order by deploying all lawful means to secure the nation's southern border, prevent further illegal immigration into the United States, and to repatriate illegal immigrations swiftly, consistently, and humanely.
- · This memo does not affect DACA recipients.
- Key policies in this memo include:
  - Establishing operational control of the border, including a physical barrier
  - o Detaining illegal immigrants at our near the border
  - o Ending the practice of "catch and release"
  - Hiring 5,000 additional border agents
  - Empowering state and local law enforcement to support federal enforcement of immigration law
  - Ensuring prosecution guidelines place a high priority on crimes near our southern border

#### Enhancing Public Safety in the Interior of the United States Memo:

- This memo addresses enforcement and removal of those who illegally enter or remain in the United States, particularly those who engage in criminal conduct while here.
- Key policies in this memo include:
  - Establishing the Victims of Immigration Crime Engagement (VOICE) Office within ICE to facilitate engagement with the victims and their families to ensure, to the extent permitted by law, they are provided with information about the offender, and that their additional questions and concerns regarding immigration enforcement efforts are addressed.
  - Hiring 10,000 ICE agents and officers, as well as additional mission support and legal staff necessary
  - Establishing a program to collect all fines and penalties for which the Department is authorized
  - Facilitating the collection and reporting of data on the apprehensions and release of illegal immigrations

# Appointment of Lieutenant General Herbert Raymond "H.R." McMaster to serve as Assistant to the President for National Security Affairs Top Line:

 General McMaster – known by his nickname, "The Iconoclast General" -brings over three decades of experience to the post of National Security Advisor.

- The President's first duty is to keep the American people safe. General McMaster has the knowledge and foresight necessary to provide the President with expert advice as he protects America's interests at home and abroad.
- Bio:
- General McMaster is a graduate of West Point and earned both his Masters of Arts and Ph.D degrees from the University of North Carolina at Chapel Hill.
- During his over three decades in the United States Army, General McMaster gained renown for his roles in the Gulf War, Operation Iraqi Freedom, and Operation Enduring Freedom.
- He was a Captain in the Battle of 73 Easting, a critical engagement during which outnumbered American forces took advantage of superior military equipment and the element of surprise to destroy over 80 Iraqi Republican Guard vehicles without a single loss.
- While serving during the Iraq War, General McMaster ran the model for the successful "clear, hold, and build" counterinsurgency method in the town of Tal Afar, a strategy credited with turning the war around during the surge.
- General McMaster earned the Silver Star for his valor during the Gulf War.

#### Quote from President Trump:

"General McMaster has served with distinction in the United States Army for over three decades and will now bring that tremendous experience with him to his new post as my National Security Advisor. My first duty as President is to keep the American people safe. General McMaster has the knowledge and foresight necessary to provide me with expert advice as we work to protect America's interests at home and abroad. I am pleased to welcome him to our team."

#### Quote from General McMaster:

 "I am honored to serve as President Trump's National Security Advisor. The safety of the American people and security of the American homeland are our top priorities. I will work tirelessly in this new role to assist the President as he addresses the complex and growing threats our country is facing around the globe."

#### **President Trump Inherited a Mess**

- During his press conference on Thursday, President Trump explained that he "inherited a mess... As you know, our administration inherited many problems across government, and across the economy." Here are the facts:
- Economy
  - The economy grew by just 1.6 percent last year, and President Obama did not have a single year of 3+ percent economic growth.
  - President Obama was the first president since Herbert Hoover to not have at least one year of economic growth of 3 percent or higher.
  - Wage growth was stagnant under President Obama. The median U.S. hourly wage only increased by 34 cents, or 1.8 percent while he was in office. Salaries and benefits rose just 2.2 percent.

- The nation lost over 200,000 manufacturing jobs under President Obama.
- The homeownership rate decreased under President Obama and hit a five-decade low last year.
- On President Obama's watch, the national debt increased by over 88 percent, a total of \$9.3 trillion.

#### Healthcare

- Obamacare is a mess, with higher costs and fewer choices.
- Premiums for Obamacare's mid-level "Silver" plans are increasing by an average of 25 percent this year, coming on top of the 7.5 percent increase for 2016.
- Lower level "Bronze" plans are facing premium increases of 21 percent this year.
- As many as 8.4 million Americans will see a sharp rise in premiums this year, according to HHS.
- Deductibles are rising, so consumers have to pay more before their insurance even kicks in.
- Taxpayers are paying billions for skyrocketing premium subsidies.

#### Foreign Policy

- The Obama administration's foreign policy left the world in disorder: from the disastrous nuclear deal with Iran to the failed Russian reset to the humanitarian crisis in Syria.
- According to former Director of National Intelligence James Clapper, there are more safe havens for terrorists "than at any time in history."
- President Obama failed to foresee and counter the rise of ISIS, which he famously called a "JV Team."
- North Korea became a more dangerous threat to their region and the world.

#### Disunity

 Race relations deteriorated under President Obama, with polls showing that "both blacks and whites believe race relations have deteriorated." (AP)

Lynne – Attached is the current list of media inquiries we've received. Those that are highlighted have not published their story yet, but we anticipate seeing the WaPo, The New Yorker, and TheStreet.com pieces tomorrow. AP and Politico are still pending, but they have not contacted us since last week.

Also, here is the RA job description we discussed:

The regional administrator serves as HUD's liaison to mayors, city managers, elected representatives, state and local officials, member of Congress, private and non-profit developers, stakeholders and customers. They oversee the delivery of HUD programs and services to communities and evaluate their efficiency and effectiveness. There are 10 regional directors in the United States.

Hi Team:

Per our conversation and edits this morning, attached is the PR I've been working on with WH comms.

Amy – if you have a different version, please share and we can craft a final version.

The bottom line is that I don't want anything being released on my behalf without a joint review of the same – even if it's been approved by SOHUD. I have the right to participate and approve it.

Lastly, while I disagree with the mindset that this should be handled like previous RA announcements without a quote from SOHUD (given the fact that I am the only RA he knows, worked directly for & has this level of media attention), I defer to you all.

Ultimately, it's my understanding that it will be distributed by the NYC office when ready on Monday.

#### Good morning!

Attached please find the updated & final version of the PR that Charlie sent out, per WH instruction. While I was fine with last night's edit, WH Comms preferred Carson's original quote, so we reverted back to the original endorsement. I spoke to Secretary Carson this morning and he re-approved the attached change accordingly, per the WH. Omarosa is in charge of all minority appointments and agrees that the Secretary is going to have to go on record with an official endorsement of me eventually – so it may as well be now. This way, we can all move on and the media won't push back. I'm sure you all agree, unless, of course, you prefer an alternative PR strategy of more bad headlines for both me & SOHUD. Lol. Otherwise, between this press release and the NYT article this morning, we should all be able to get back to more important things. Thank you!

Thank you, Amy!

I just spoke to the Secretary & he approved the below edits:

Please change his quote to and combo of both of ours....

1) "Ms. Patton's unique ability to engage & foster viable relationships across bipartisan silos will significantly facilitate the delivery of HUD's programs to better assist families in the greater NY region. Her energy & enthusiasm....etc etc"

In the 5th paragraph, please remove "across the region" as you say region twice.

And please put back in the final paragraph, "As someone with both the trust and respect of the HUD Secretary and the President of the United States, I look forward to advocating before them on behalf of the city & region I love."

Once done, kindly resend to all of us and Region II & we're good to go!!

We'll draft the HUD Happenings in the same mode.

Hi Team:

Per our conversation and edits this morning, attached is the PR I've been working on with WH comms.

Amy – if you have a different version, please share and we can craft a final version.

The bottom line is that I don't want anything being released on my behalf without a joint review of the same – even if it's been approved by SOHUD. I have the right to participate and approve it.

Lastly, while I disagree with the mindset that this should be handled like previous RA announcements without a quote from SOHUD (given the fact that I am the only RA he knows, worked directly for & has this level of media attention), I defer to you all.

Ultimately, it's my understanding that it will be distributed by the NYC office when ready on Monday.

U.S. Department of Housing and Urban Development – Ben Carson, Secretary Office of Public Affairs, New York Regional Office, New York, NY 10278

HUD No. 17-003 Charles McNally (212) 542-7647 <u>charles.e.mcnally@hud.gov</u> www.hud.gov/NewYork FOR RELEASE June 26, 2017

#### LYNNE PATTON NAMED HUD REGIONAL ADMINISTRATOR FOR REGION II

Will oversee HUD programs in New York and New Jersey

**NEW YORK** – U.S. Department of Housing and Urban Development (HUD) officials today announced the appointment of Lynne Patton of Westchester, New York, to be Regional Administrator for Region II. In this role, Patton will be responsible for the Department's programs and operations in the Region's two states, New York and New Jersey. Patton joins Region II from HUD's Office of the Secretary where she served as Senior Advisor and Director of Public Engagement.

"I have no doubt that Ms. Patton's unique ability to engage and foster viable relationships across bipartisan silos will serve both New York and New Jersey well," said Secretary Carson. "Her energy and enthusiasm for executing HUD's mission will be supported by a tremendous team of housing experts in our Region II office who have served the area for years."

As Senior Advisor, Patton spearheaded Secretary Carson's national listening tour and worked to identify potential reforms to HUD's Section 3 program, which provides a mechanism for low-income families to receive job training and employment with HUD-funded projects. Additionally, she serves on President Donald J. Trump's Commission on Combating Drug Addiction and the Opioid Crisis.

Patton comes to HUD after nearly a decade of experience as a senior executive at a large non-profit in New York City. Additionally, Patton was an American Red Cross Mass Disaster Shelter Supervisor in Louisiana in the immediate aftermath of Hurricane Katrina, identifying permanent and temporary housing for hundreds of displaced families in conjunction with the Federal Emergency Management Agency (FEMA).

"I'm humbled by the tremendous honor to serve as HUD's Regional Administrator for the city and region I call home," said Patton. "I am committed to advancing HUD's mission and look forward to working with local stakeholders, housing authorities, elected officials, faith-based and community leaders to identify effective solutions for challenges currently facing New York and New Jersey."

The Regional Administrator serves as HUD's liaison to mayors, city managers, elected representatives, state and local officials, members of Congress, private and non-profit developers, and customers. They oversee the delivery of HUD programs and services to communities and evaluate their efficiency and effectiveness. There are 10 regional administrators in the United States.

For over 50 years, HUD's mission has been to create strong, sustainable, inclusive communities and quality affordable homes for all Americans. In New York and New Jersey, HUD funding provides rental assistance for over 800,000 households, homeless services for more than 80,000 individuals, single-family mortgage insurance for over 500,000, homeownership counseling at more than 200 local community-based organizations, and more than \$11 billion in disaster recovery funding in the wake of Hurricanes Irene and Sandy. HUD also enforces the Fair Housing Act in partnership with 14 state and local agencies across the region.

More information about HUD and its programs is available at <a href="www.hud.gov">www.espanol.hud.gov</a>. Thank you! All anticipated. The support I've received today from so many people - including the both of you, the Secretary & the family - has been truly humbling and renders all of this ultimately very silly. However, let's all circle up on Tuesday to see how things continue to play out. If we need to confirm the appointment early, then that's what we need to do regardless of past protocol. Unfortunately, my circumstance is not like any other. More importantly, I won't allow my reputation, nor the reputation of the hard working NY/NJ office to be unnecessarily compromised with rampant speculation & undocumented assumptions over the next 15 days. It's best to deflect and refocus the attention on the vision for the regional office. I'm sure we all agree. In the interim, I will be working on my press release/HUD Happenings announcement & support quotes with the WH comms team. Have a great weekend!

Good afternoon, Sean!

Per the below, please let me know ASAP if this is truly required of me. Again, while I don't mind submitting the same, I remain confused & disheartened by the fact that HUD continues to demand my salary history when you, PPO and POTUS' senior staff have all told me that it's not necessary/required.

I need reassurance from PPO that this changes nothing as it pertains to the attached offer letter before acquiescing to their demand, if at all.

I will await your reply by EOD. Thank you.

Kindly advise how Lorraine Woellert from Politico cited a version of my press release in her hit piece today that was never released to the media? Thank you.

Please see highlighted photo & official release from Region II below.

Her resume was a challenge. Rumors of her appointment caused so much heartburn in New York that it made tabloid headlines. When it came time for a formal announcement, Patton tried to juice her own press release, claiming experience she didn't have, including skill in bipartisan politics. The language was dialed back, according to the people close to Carson.

Carson on Monday released a statement praising Patton's "energy and enthusiasm" and "strong desire to engage and foster relationships across bipartisan silos."

Beyond the Trump family, Patton seems to have little job experience. Her LinkedIn page cites Quinnipiac University School of Law, which she attended briefly, and Yale, which she didn't attend at all.

She was a Red Cross supervisor in the aftermath of Hurricane Katrina, identifying housing for "hundreds of displaced families" in conjunction with the Federal Emergency Management Agency, according to the HUD press release.

She also serves on the Trump administration's Commission on Combating Drug Addiction and the Opioid Crisis, according to the release.

Thank you, Tiffany & much appreciated!

However, my starting SES salary, as promised to me by the President-Elect (at the time) and his Chief of Staff team is \$155K.

To that end, I was advised that I do not need to provide verification of my previous annual \$100K+ salary, but am happy to do so.

Regardless, it should have no impact on the same and I look forward to being paid on time at the above-delineated rate in 2 weeks.

I am looping in both Sean Doocey (Presidential Personnel) and Andrew Hughes, who can also verify the same.

Should this conversation need to transcend their collective authority, then I am happy to oblige, but I wish to respect the chain of command.

Lastly, kindly adjust the attached to reflect both the correct salary & my full formal title: Senior Advisor to the Secretary and Director of Public Liaison

Thank you!

Lynne, great to hear from you as always. We definitely want to roll the Secretary into all the things we are doing at the WH as they apply to HUD and advancing the President's agenda. The Cabinet Secretary, Bill McGinley, updates the Secretary's chief of staff every week about the schedule and agenda. We ask input from all chiefs with regard to their departments and we of course welcome his participation at the WH and on travel. Hi Rick!

Hope all is well. Long time, no talk!

Just wanted to touch base with you quickly to let you know that I spoke to the Secretary and we both agree that he would like to raise his visibility with respect to WH events, particularly as they pertain to both the Infrastructure & Workforce initiatives (as well as "Build American, Buy American," etc).

I'm sure we both agree that there are tons of mutually beneficial reasons why Carson's participation can better advance these roll-outs. Particularly, since POTUS expressly told the Secretary that he considers housing to be a part of this country's infrastructure.

Can you help us ensure his participation, going forward? I ran into George at the hotel and discussed the Secretary potentially joining POTUS on any/all applicable trips and he concurred that would be great idea.

That said, I also arranged a lunch later this month between the Secretary & Ivanka to identify ways that HUD can specifically assist her workforce & economic empowerment ideas (as we have many) and she told me this past weekend that she's very much looking forward to it.

By copy of this email, I am looping in his Deputy Chief of Staff, Deana Bass, who has been working with Ja'Ron on several policy issues and would be the point person, going forward, with respect to coordinating Carson's participation in the above delineated areas, as well as Raffi Williams (Press Secretary).

Looping in Andrew Hughes, WH Liaison too, so that we're all on the same page. Win win.

Lastly, not sure if you are aware, but I have recently been appointed by Secretary Carson (with POTUS/PPO approval) to be Regional Administrator, Region II (New York & New Jersey) and will be relocating back at the end of the month. Beyond honored.

Would love to arrange a meeting with someone in your department to specifically discuss this Administration's priorities for that region, in kind, and plan to work closely with Matthew Hunter here at HUD, as well. Ja'Ron – let's brainstorm on that region too. Kindly advise!

Hello Lynne,

I hope you are having a great Good Friday. The pics from the events you did in Miami were awesome!

Please see the email below. Dr. Bill Winston, Pastor of the Living Word Christian Center in Chicago is putting together a coalition of pastors to reduce violence in Chicago by organizing churches to train students at vocational schools they help establish. They have already started doing this work and are seeking guidance on funding.

They asked to be connected to HUD. Would you like us to make the connection with you? Thank you.

Jennifer,

Thanks for getting back to me. I am introducing Deloris Thomas who is copied here who reached out to me on behalf of Dr. Bill Winston of the Living Word Christian Center in Chicago.

Jennifer, Deloris and I have worked together on SBA Boards and various Charity projects. She heads up the Joseph Business School which is sponsored by Living Word. Deloris, Jennifer is the person who put together the Small Business visit to the White House.

Hopefully the two of you can connect on Dr. Winston's initiative for Chicago. Regards, Dennis

Good morning, Stephanie!

Hope all is well. I just realized that when I introduced you to the parents of Conrad Roy III, the young man whose story truly devastated a nation, I erroneously copied the email for Lynne Renee Roy. Please find the correct one attached.

As stated, I recently made both Conrad Jr and Lynn Roy aware that the First Lady was extremely moved by Conrad's tragic circumstance and plans to form a panel/commission to address social media & text messaging bullying in the hope to create legislation to end this predatory behavior permanently.

Per our conversation, you concurred that it would be our honor to have the Roys serve & participate in the same. Kindly advise as to the status of the commission and how the Roys can best contribute in memory of their son.

Looping in Kelly Love who also recently expressed her willingness to assist your office and the First Lady with this important cause, if necessary. Thank you!

Subject: Introduction

Dear Stephanie:

By copy of this email and per our conversation last week, it's my honor to introduce you to the parents of Conrad Roy III, Lynn Rene Roy & my former classmate, Conrad Roy Jr.

I advised them both that the First Lady was extremely moved by their tragedy and closely followed the trial that recently ended in conviction. However, we all agree that the story shouldn't end there. Their son's purpose continues & now has the potential to save countless lives.

To that end, I shared with them the fact that the First Lady plans to form a panel/commission to address social media, text messaging & online bullying and would be honored to have them both participate. Naturally, the hope is to one day create legislation that ends this type of behavior permanently.

Again, it's an honor to make this introduction to you both and know that the President & First Lady will fight to ensure that their son did not die in vain.

Please do not hesitate to call on me for anything you may need. I would be personally honored to witness the input from this panel myself & join you all in this tragic new fight.

Subject: Russell Simmons

Dear Team:

By copy of this email, I wish to introduce you to Hasaun Muhammad, Director, Strategic Social Partnerships for Russell Simmons. Deana – I believe you may have already met Hasaun at his Chicago/faith-based listening session last week with Pastor Scott. As discussed, Hasaun, Ja'Ron spearheads policy for POTUS and Deana is Secretary Carson's Deputy Chief of Staff.

Russell Simmons & Secretary Carson are extremely interested in starting a dialogue to identify how best we can work together to advance community/economic development within our inner-cities, as well as establishing a specific agenda with respect to Chicago, including a violence prevention safety patrol (Simmons) and vision centers (Carson), respectively.

Hasaun will be in town next week from Wednesday – Friday and I'm hoping we can all grab lunch or meet to either at HUD or EEOC to brainstorm on this exciting bipartisan collaboration. Does Thursday lunch (5/4/17) work for everyone at Capital Grille or the Press Club/Capitol Hill Club maybe? Kindly advise!

Hi Lynne,

The Secretary has one additional change to his quote – he wants to say "Ms. Patton's strong desire to engage and foster relationships across bipartisan silos will significantly improve..."

Please work with your regional staff to finalize and distribute the release. Thanks again for the opportunity to review.

Best, Amy

Thank you, Amy!

I just spoke to the Secretary & he approved the below edits:

Please change his quote to and combo of both of ours....

1) "Ms. Patton's unique ability to engage & foster viable relationships across bipartisan silos will significantly facilitate the delivery of HUD's programs to better assist families in the greater NY region. Her energy & enthusiasm....etc etc"

In the 5th paragraph, please remove "across the region" as you say region twice.

And please put back in the final paragraph, "As someone with both the trust and respect of the HUD Secretary and the President of the United States, I look forward to advocating before them on behalf of the city & region I love."

Once done, kindly resend to all of us and Region II & we're good to go!!

We'll draft the HUD Happenings in the same mode.

Thanks, Lynne. We've incorporated our changes to your draft. Attached is the announcement that the regional office is authorized to send out on Monday. It has been cleared by Shelia, and the quote is approved by the Secretary. Have a great weekend and good luck next week!

**Subject:** Press Release **Importance:** High

Hi Team:

Per our conversation and edits this morning, attached is the PR I've been working on with WH comms.

Amy – if you have a different version, please share and we can craft a final version.

The bottom line is that I don't want anything being released on my behalf without a joint review of the same – even if it's been approved by SOHUD. I have the right to participate and approve it.

Lastly, while I disagree with the mindset that this should be handled like previous RA announcements without a quote from SOHUD (given the fact that I am the only RA he knows, worked directly for & has this level of media attention), I defer to you all.

Ultimately, it's my understanding that it will be distributed by the NYC office when ready on Monday.
